Time Briton

Hadden, Henry R. Luce,1995 **The Uncertain States of America Reader** Noah Horowitz, Brian Sholis,2006-04-07 This is undoubtedly a moment marked by a serious interest in the actions America is taking on the world stage. Actions that have been described as a cause for grave concern. We do not attempt to authoritatively engage these concerns here nor do we wish to insinuate that elevated interest in America's cultural affairs is somehow unique to our present historical moment. We do

however think that this sampling of discourse by and about a country's visual artists leads to insights about its politics and society not gained elsewhere. At the very least it gives a sense of what it is like to live in the United States today and results in some inspired debate. We hope that this book serves not only as a valuable compendium of recent writing about contemporary art but also as inspiration to seek further understanding of these Uncertain States. So Noah Horowitz and Brian Sholis note in the introduction to this unique compilation of writing around art and cultural politics in America since 2000. Published in collaboration with the Serpentine Gallery London and the Astrup Fearnley Museum of Modern Art Oslo as an addendum to the traveling exhibition Uncertain States of America curated by Daniel Birnbaum Gunnar Kvaran and Hans Ulrich Obrist the USA Reader was designed by Dexter Sinister. It is a thought provoking collection that will become an important sourcebook on American culture at the start of the new millennium.
