Guide to Digital Innovation in the Cultural and Creative Industry Sunghan Ryu, Yong Xiang, Weimin Zhang, 2024-03-22 The digital age has brought significant changes to the cultural and creative industries and this resource can help the reader navigate the revolution. It not only provides a comprehensive understanding of how digital transformation affects existing industries but also outlines emerging business opportunities. This book provides the knowledge and tools to succeed in the rapidly evolving landscape of the cultural and creative industries.

The new online trade Gerrit Heinemann, 2023-03-30 This book presents developments and future trends in e-commerce which is shaped by customers' new digital communication and consumption patterns. Gerrit Heinemann sheds light on e-commerce business models, channel excellence as well as success factors such as digital time advantages and customer centricity. He analyzes the digital challenges and highlights the consequences and opportunities associated with online commerce. Recognized best practices illustrate how successful digital commerce works and what the lessons learned of the past years are. The 13th edition describes which new approaches will shape the future of online retail and which developments will remain long-term issues. While, for example, app and smartphone commerce including mobile payment continue to be long-running issues, the environmental issue is coming at online commerce with a concentrated charge. This means that people's growing need for more sustainability and consideration for the environment has now also arrived in e-commerce. This work is therefore devoted to sustainable e-commerce in the context of online logistics which runs counter to the new trend towards quick commerce. The topics of climate neutrality and returns management are also increasingly coming into focus. In addition, current topics such as the marketplace theme and social commerce will be explored in greater depth. Furthermore, numerous new legal requirements are taken into account which place increased obligations on marketplace operators in particular. The content: Meta-targeting and business ideas in online retailing. Business model of online trade. Forms of online trade. Business systems and benchmarks in e-commerce. Best practices and risks in online retailing.

TikTok Cultures in the United States Trevor Boffone, 2022-04-03 TikTok Cultures in the United States examines the role of TikTok in US popular culture, paying close attention to the app's growing body of subcultures. Featuring an array of scholars from varied disciplines and backgrounds, this book uses TikTok subcultures as a point of departure from which to explore TikTok's role in US popular culture today. Engaging with the extensive and growing scholarship on TikTok from international scholars, chapters in this book create frameworks and blueprints from which to analyze TikTok within a distinctly US context, examining topics such as gender and sexuality, feminism, race and ethnicity, and wellness. Shaping TikTok as an interdisciplinary field in and of itself, this insightful and timely volume will be of great interest to students and scholars of new and digital media, social media, popular culture, communication studies, sociology of media, dance, gender studies, and performance studies.
