The Great Global Transformation Ronald M. Glassman, 2025-05-29 This book explores Karl Polanyi's concept of labor, land, and money as fictional commodities created by the market. Capitalism transformed these elements, shifting labor from artisanal crafts to factory wage work, land from communal ownership to private property, and money from a medium of exchange to capital for profit. The book extends Polanyi's vision to modern transformations, analyzing the impact of automation, Artificial Intelligence, and technological advancements on society. It examines the great changes in gender, sexuality, race, and religion, highlighting the ongoing evolution of social and cultural norms. Additionally, the book analyzes the complex relationship between free market capitalism and democracy, offering insights into the balance of power and the future of democratic governance in a rapidly changing world. This book critically analyzes the forces shaping contemporary society. It will appeal to students, scholars, and researchers in political science, economics, and the social sciences interested in a better understanding of the great global transformation. *Real-World Skills Series: Handling Money* Genia

Image Matter - No Excuses! Wyatt, 2024-01-15 Hello and Welcome The Image Matters. Does Your Credit Reflect You? This issue focuses on understanding the ripple effects of poor debt management and the unnecessary pressure it places on us from reaching our destiny. Image Matters believes in the scripture of John 10:10, which states, "The thief comes to steal and destroy; I came that they may have life and have it abundantly." A life more abundantly includes a stress-free life, not living in fear, not living in brokenness, a life of wholeness, living without bad debt or paying high interest rates. Image Matters.
