in Action Steve H. Koh,Gabriela G. Mejia,Hilary M. Gould,2022-01-01 This book presents an extensive collection of high yield case vignettes with recommendations for a comprehensive approach to cultural psychiatry Culture is defined from an anthropological perspective with an emphasis on aspects of culture beyond race ethnicity and other traditional demographic categories The goal of this book is to offer clinical applications of cultural psychiatry via examination of special populations systems and settings With ever changing geopolitical environments institutional structures and sociodynamics attention and consideration of context is paramount Theoretical models and specific frameworks for evaluating cultural influence on the

manifestation development and treatment response of mental health illnesses are presented. The chapters are organized to showcase different ways in which culture plays into everyday clinical practice. Emphasis is placed on the full sum of the care delivery transaction within a larger context including public and community systems of care. Real world case examples are discussed in each chapter to help contextualize the dynamic nature that culture plays in practice across inpatient and outpatient settings. Each case presents with relevant academic and historical background and practical operational advice for psychiatrists providing care within these respective communities. The authors address diverse clinical cases related to refugee and asylum seekers, military service members, survivors of human trafficking, incarcerated populations and more. Training recommendations and best practices are outlined including psychopharmacology, psychosocial treatments and cultural adaptations to evidence based treatments. Diversity in Action: Case Studies in Cultural Psychiatry is a useful resource for all psychiatrists, psychologists, general practitioners, social workers, nurses, administrators, public policy officials and all medical professionals working with a culturally diverse subset of patients seeking mental health.

[Mississippi Landmarks](#), 2014 **Why Can't Church Be More Like an AA Meeting?** Stephen R. Haynes, 2021-10-26

Do Christians need recovery? Or is recovery something needed by the church itself? Addiction, whether to a substance or to a behavior, is a problem within faith communities just like it is everywhere else. But because churches are rarely experienced as safe places for dealing with addiction, co-addiction, or the legacy of family dysfunction, Christians tend to seek recovery from these conditions in Twelve Step fellowships. Once they become accustomed to the ethos of vulnerability, acceptance, and healing that these fellowships provide, however, they are often left feeling that the church has failed them with many asking why can't church be more like an AA meeting? Inspired by his own quest to find in church the sort of mutual support and healing he discovered in Twelve Step fellowships, Stephen Haynes explores the history of Alcoholics Anonymous and its relationship to American Christianity. He shows that while AA eventually separated from the Christian parachurch movement out of which it emerged, it retained aspects of Christian experience that the church itself has largely lost: comfort with brokenness and vulnerability, an emphasis on honesty and transparency, and suspicion toward claims to piety and respectability. Haynes encourages Christians to reclaim these distinctive elements of the Twelve Step movement in the process of recovering church. He argues that this process must begin with what he calls Step 0, which as he knows from personal experience can be the hardest step: the admission that despite appearances, we are not fine.
