Tok Trending Usa Open Now:

TikTok Cultures in the United States Trevor Boffone, 2022-04-03 TikTok Cultures in the United States examines the role of TikTok in US popular culture paying close attention to the app's growing body of subcultures. Featuring an array of scholars from varied disciplines and backgrounds, this book uses TikTok subcultures as a point of departure from which to explore TikTok's role in US popular culture today. Engaging with the extensive and growing scholarship on TikTok from international scholars, chapters in this book create frameworks and blueprints from which to analyze TikTok within a distinctly US context, examining topics such as gender and sexuality, feminism, race and ethnicity, and wellness. Shaping TikTok as an interdisciplinary field in and of itself, this insightful and timely volume will be of great interest to students and scholars of new and digital media, social media, popular culture, communication studies, sociology of media, dance, gender studies, and performance studies.

TikTok Broadway Trevor Boffone, 2024 TikTok Broadway: Musical Theatre Fandom in the Digital Age explores how TikTok has revolutionized musical theatre fandom and democratized musical theatre fan cultures and spaces. The book argues that TikTok has created a new canon of musical theatre thanks to the way virality works on the app, expanding musical theatre into a purely digital realm that spills into other non-digital aspects of US popular culture.

Dance in US Popular Culture Jennifer Atkins, 2023-07-21 This innovative textbook applies basic dance history and theory to contemporary popular culture examples in order to examine our own ways of moving in and through culture. By drawing on material relevant to students, Dance in US Popular Culture successfully introduces students to critical thinking around the most personal of terrain: our bodies and our identities. The book asks readers to think about what embodied knowledge we carry with us and how we can understand history and society through that lens: what stereotypes and accompanying expectations are embedded in performance related to gender and/or race; for instance, how such expectations are reinforced, negotiated, challenged, embraced, or rescripted by performers and audiences; how readers articulate their own sense of complex identity within the constantly shifting landscape of popular culture; how this shapes an active sense of their everyday lives; and how this can act as a springboard towards dismantling systems of oppression. Through readings, questions, movement analyses, and assignment prompts that take students from computer to nightclub and beyond, Dance in US Popular Culture readers develop their own cultural sense of dance and the moving body's sociopolitical importance while also determining how dance is fundamentally applicable to their own identity. This is the ideal textbook for high school and undergraduate students of dance and dance studies in BA and BFA courses as well as those studying popular culture from interdisciplinary perspectives including cultural studies, media studies, communication studies, theater and performance studies. Chapter 11 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution (CC BY) 4.0 license.
