Dess, G. T. Lumpkin, Alan B. Eisner, 2006 [Outside In, Inside Out](#) Lance Mortlock, 2025-02-25 The business world continues to be fraught with immense risk, uncertainty and complexity. Post COVID we've seen the impacts of the war in Ukraine, an increasingly bellicose China, supply chain disruptions worldwide, change caused by artificial intelligence, an ongoing banking crisis in the West and now the war in the Middle East. Today's business leaders must be exceptionally resilient, flexible and agile and never has it been more critical to create a robust strategic plan than it is today. Using a novel yet simple framework consisting of both the outside in factors and external environment including customer needs, competition, market dynamics and trends as well as the inside out factors, the operating environment within an organization such as enterprise risks, portfolio analysis and business performance that when understood together, the book will give leaders the tools to make critical strategic choices to propel forward an organization. **Outside In Inside Out** is an integrated, easy to digest how to guide that will challenge assumptions and offer tips and tricks of what to do and equally importantly what not to do to ensure any business develops a competitive edge and achieves success in today's complex world. Featuring various outside in and inside out public examples from the likes of Coca Cola, Spotify, GM, Airbnb, Microsoft, Nike, Snapchat, Starbucks, IKEA, Intel, Samsung and more, furthermore the author takes readers on a journey inside the many organizations for which he has acted as an adviser and brings to the book a practitioner's in-depth perspective, drawing on nearly three decades of strategic work with more than 80 companies in 11 countries.
