*Advertising and Public Memory* Stefan Schutt, Sam Roberts, Leanne White, 2016-08-05 This is the first scholarly collection to examine the social and cultural aspects on the worldwide interest in the faded remains of advertising signage popularly known as ghost signs. Contributors to this volume examine the complex relationships between the signs and those who commissioned them, painted them, viewed them and viewed them today. Topics covered include cultural memory, urban change, modernity and belonging, local history and place making, the crowd sourced use of online mobile and social media to document and share digital artefacts, retro design and the resurgence in interest in the handmade.
