almost unknown asset in East Peoria With its proximity to the historic and new downtowns recent commercial developments Illinois Riverfront parks schools and neighborhoods Farm Creek sits in a prime location to become an important artery that connects the community Not only does the creek represent the geological and cultural history of East Peoria but it has the potential to become a starting point that initiates sustainable development in the city s future Through green infrastructure and ecological urbanist principles this project aims to restore Farm Creek to a naturalized floodplain as much as possible and to preserve and rehabilitate the historic downtown while introducing a dense walkable well connected mixed use development that includes housing open space and recreation in order to address issues with sprawl congestion inequality and poor public transportation infrastructure
