Shit Adults Never Taught Us Natasha Sattler, 2021-04-16 A SNAPSHOT REVIEW OF THE THINGS YOU DIDN'T LEARN IN SCHOOL IN QUICK HILARIOUS CHAPTERS Wouldn't it be awesome if life had a manual? Not for your daily how-tos like cooking or ironing, but for when the real shit pops up. The money shit we have no idea how to navigate like negotiating a raise or buying a car. The relationship shit that slaps us in the face as we turn into full fledged adults like surviving a gut wrenching breakup and having the courage to fall in love. The mind fucks that sneak into our brains after puberty like a ninja and set up camps of anxiety, loneliness, and regret. The life shit that somehow was completely ignored throughout more than a decade of schooling like protecting your privacy online, traveling on any budget, and finding motivation when it seems impossible. We've made it this far, but after countless conversations with friends, it became obvious to me that our childhood education had a ton of gaps. Sure, we learned linear equations and got to dissect frogs for some reason, but no one taught us what the difference between an HMO and a PPO was, and why it's important. I took several years of Algebra, but not once was a Mutual Funds class offered. That's where *Shit Adults Never Taught Us* comes in. This book picks up where the adults left off and helps fill in all our insufficient knowledge by going beyond the Google search bar. Disguised as a self-help book, this mini memoir uses personal experiences, including some epic failures, to guide you through the most perplexing moments in life. *Shit Adults Never Taught Us* covers a lot of topics including career strategies, mental health, emotional quandaries, and navigating all of the WTF moments of adulthood. **Medical Review of Reviews**, 1923 *The American Review of Reviews* Albert Shaw, 1918 Investing Women Ethan Rodriguez, AI, 2025-03-04 *Investing Women* tackles the crucial topic of women's financial empowerment, providing a much needed guide to building wealth and achieving financial independence. The book addresses the gender investing gap, highlighting the systemic barriers women face, such as wage disparities and

career interruptions which hinder their ability to accumulate wealth It empowers women to confidently navigate stocks real estate and business ventures offering tailored strategies for risk management and long term investing One intriguing fact explored is how women often exhibit greater risk aversion than men potentially leading to missed investment opportunities The book uniquely focuses on women s specific needs emphasizing the importance of building supportive networks and leveraging resources designed for women entrepreneurs It progresses from demystifying investment concepts like stocks and bonds to exploring real estate strategies and business opportunities With real world examples and actionable steps Investing Women equips readers with the knowledge and tools to take control of their financial futures challenging conventional advice that often overlooks the specific circumstances of women in finance The book concludes with financial and estate planning providing a holistic approach to long term financial well being
