The Indigenous Fermented Foods of

the Sudan Hamid A. Dirar,1993 Recent decades have witnessed increased interest in the foods of Africa spurred on by the recurrent famines that have plagued the continent It is now recognized that helping people to use their own knowledge of indigenous foods and agriculture provides better prospects for long term sustainability than imposing solutions from outside Yet to date there has been little documented information about the foods that are utilized by the poor of Africa and particularly how these foods are preserved in a hostile environment for later use This book is a unique compilation of both the general literature on Africa s fermented foods and beverages and of original research conducted by the author in Sudan

Information was gathered from elderly rural women who traditionally hand down such knowledge from generation to generation With increased urbanization and dislocation of family structures there is a danger that such knowledge might otherwise be lost forever The various foods are considered in terms of their role in the struggle for survival and in the social fabric of rural Sudan as well as from the perspectives of nutrition and food microbiology The book is a major contribution to this literature of interest to all concerned with food science human nutrition and rural development **Newsweek** ,2009

The Deal ,2010-07 **Malacca** Huck Chin Lim,Fernando Jorge,2006 This book is the culmination of a collaborative effort between Portuguese architect Fernando Jorge and Malaysian architect Lim Huck Chin Between 1999 and 2005 the authors documented Malacca's heritage architecture and communities through photographs and over 150 interviews Research was also carried out in Kuala Lumpur Singapore The Hague London and Lisbon At the core of the project however was an interest in Malacca's stories from the man in the street from marginalized historical communities and from the city's sometimes unrecognized but precious built fabric Within the pages of this book are these stories complemented by 200 colour photographs **Spolia Zeylanica** ,1951 **Occasional Papers of Bernice Pauahi Bishop Museum** ,1921
