Homecoming

Homecoming is an annual tradition in the United States. People, towns, high schools and colleges come together, usually in late September or early October, to welcome back alumni and former residents. It is built around a central event such as a banquet and, most often, a game of football, or, on occasion, basketball, ice hockey or soccer. When celebrated by schools, the activities vary widely. However, they usually consist of a football game played on the school's home football field, activities for students and alumni, a parade featuring the school's marching band and sports teams, and the coronation of a Homecoming Queen (and at many schools a Homecoming King). A dance commonly follows the game or the day following the game. When attached to a football game, Homecoming traditionally occurs on the team's return from the longest road trip of the season. The game itself, whether it be football or another sport, will typically feature the home team playing a considerably weaker opponent. The game is supposed to be an "easy win" and thus weaker schools will sometimes play lower division schools.

Awesome Reading Comprehension Christopher Hintsala, 2020-05-28 Awesome Reading Comprehension is a five book series that is designed to focus on practical reading comprehension skills It features fun and interesting stories that are both fiction and non fiction It also includes stories with dialogue to provide well rounded access to all types of reading situations

This series presents a unique approach to building not only reading comprehension skills but also language usage skills. Each unit presents an image with a story. From the story 10 vocabulary words are pulled so that the student can learn more about that word and its use. The words are all in the same conjugation as used in the story. Students will define each word and its part of speech. Then they will use the vocabulary word in a new sentence to further their understanding of the tense and usage. After the vocabulary has been addressed it is time for the student to answer comprehension questions about the story. Having a better understanding of the vocabulary will allow the students to activate their recall of what they have read. To further the student's comprehension they will be challenged to make predictions on the content they have read and then continue the story. By making predictions the student can demonstrate their true understanding of the story and by continuing the story on their own they can further practice their writing skills.

Key Features: Fun and interesting stories with black and white pictures. Various activities to reinforce the student's comprehension of the story. Functional development of vocabulary and its use. Prediction based exercises to further demonstrate the student's comprehension. Designed for use in the classroom. 50 original stories. 500 new vocabulary words and 50 creative writing exercises.
