Patients at Risk Niran Al-Agba,Rebekah Bernard,2020-11-01 Patients at Risk The Rise of the Nurse Practitioner and Physician Assistant in Healthcare exposes a vast conspiracy of political maneuvering and corporate greed that has led to the replacement of qualified medical professionals by lesser trained practitioners As corporations seek to save money and government agencies aim to increase constituent access minimum qualifications for the guardians of our nation's healthcare continue to decline with deadly consequences This is a story that has not yet been told and one that has dangerous repercussions for all Americans With the rate of nurse practitioner and physician assistant graduates exceeding that of physician graduates if you are not already being treated by a non physician chances are you soon will be While advocates for these professions insist that research shows that they can

provide the same care as physicians patients do not know the whole truth that there are no credible scientific studies to support the safety and efficacy of non physicians practicing without physician supervision Written by two physicians who have witnessed the decline of medical expertise over the last twenty years this data driven book interweaves heart rendering true patient stories with hard data showing how patients have been sacrificed for profit by the substitution of non physician practitioners Adding a dimension neglected by modern healthcare critiques such as *An American Sickness* this book provides a roadmap for patients to protect themselves from medical harm WORDS OF PRAISE and REVIEWS Al Agba and Bernard tell a frightening story that insiders know all too well As mega corporations push for efficiency and tout consumer focused retail services American healthcare is being dumbed down to the point of no return It s a story that many media outlets are missing and one that puts you and your family s health at real risk John Irvine Deductible Media Laced with actual patient cases the book s data and patterns of large corporations replacing physicians with non physician practitioners despite the vast difference in training is enlightening and astounding The authors extensively researched book methodically lays out the problems of our changing medical care landscape and solutions to ensure quality care Marilyn M Singleton MD JD A masterful job of bringing to light a rapidly growing issue of what should be great concern to all of us the proliferation of non physician practitioners that work predominantly inside algorithms rather than applying years of training clinical knowledge and experience Instead of a patient first mentality we are increasingly met with the sad statement of Profits Over Patients echoed by hospitals and health insurance companies John M Chamberlain MHA LFACHE Board Chairman Citizen Health A must read for patients attempting to navigate today s healthcare marketplace Brian Wilhelmi MD JD FASA *A True & Faithful Relation of what Passed for Many Yeers Between Dr. John Dee ... and Some Spirits* John Dee,1659 [Ask, Measure, Learn](#) Lutz Finger,Soumitra Dutta,2014-01-23 You can measure practically anything in the age of social media but if you don t know what you re looking for collecting mountains of data won t yield a grain of insight This non technical guide shows you how to extract significant business value from big data with Ask Measure Learn a system that helps you ask the right questions measure the right data and then learn from the results Authors Lutz Finger and Soumitra Dutta originally devised this system to help governments and NGOs sift through volumes of data With this book these two experts provide business managers and analysts with a high level overview of the Ask Measure Learn system and demonstrate specific ways to apply social media analytics to marketing sales public relations and customer management using examples and case studies
