Political Technology Andrew Wilson,2023-12-14

Political technology is a Russian term for the professional engineering of politics It has turned Russian politics into theatre and propaganda and metastasised to take over foreign policy and weaponise history The war against Ukraine is one outcome In the West spin doctors and political consultants do more than influence media or run campaigns they have also helped build parallel universes of alternative political reality Hungary has used political technology to dismantle democracy The BJP in India has used it to consolidate unprecedented power Different countries learn from each other Some types of political technology have become notorious like troll farms or data mining but there is now a global wholesale industry selling a range of manipulation techniques from astroturfing to fake parties to propaganda apps This book shows that political technology is about much more than online disinformation it is about whole new industries of political engineering

COVID-19 J. Michael Ryan, 2020-12-30. The SARS-CoV-2 virus and the associated COVID-19 pandemic is perhaps the greatest threat to life and lifestyles the world has known in more than a century. The scholarship included here provides critical insights into the institutional responses, communal consequences, cultural adaptations and social politics that lie at the heart of this pandemic. This volume maps out the ways in which the pandemic has impacted most often disproportionately societies, the successes and failures of means used to combat the virus and the considerations and future possibilities both positive and negative that lie ahead. While the pandemic has brought humanity together in some noteworthy ways, it has also laid bare many of the systemic inequalities that lie at the foundation of our global society. This volume is a significant step toward better understanding these impacts. The work presented here represents a remarkable diversity and quality of impassioned scholarship and is a timely and critical advance in knowledge related to the pandemic. This volume and its companion *COVID-19 Volume I: Global Pandemic Societal Responses: Ideological Solutions* are the result of the collaboration of more than 50 of the leading social scientists from across five continents. The breadth and depth of the scholarship is matched only by the intellectual and global scope of the contributors themselves. The insights presented here have much to offer not just to an understanding of the ongoing world of COVID-19 but also to helping us rebuild and better shape the world beyond.
