Popular Music in a Digital Music Economy Tim Anderson, 2013-12-17 In the late 1990s the MP3 became the de facto standard for digital audio files and the networked computer began to claim a significant place in the lives of more and more listeners The dovetailing of these two circumstances is the basis of a new mode of musical production and distribution where new practices emerge This book is not a definitive statement about what the new music industry is Rather it is devoted to what this new industry is becoming by examining these practices as experiments dedicated to negotiating what is replacing an object based industry oriented around the production and exchange of physical recordings In this new economy constant

attention is paid to the production and licensing of intellectual property and the rise of the social musician who has been encouraged to become more entrepreneurial. Finally every element of the industry now must consider a new type of audience the end user and their productive and distributive capacities around which services and musicians must orient their practices and investments

It's dinner and a movie in this vibrant beautifully photographed tour of Indian food and films. Indian cuisine and Indian cinema known as Bollywood share much in common bold colors and flavors with plenty of drama. But to the uninitiated they can seem dizzying. Let Sri Rao be your guide. As one of the only Americans working in Bollywood Sri is an expert on Indian musical films and as an avid cook he's taken his mom's authentic home cooked recipes and adapted them for the modern American kitchen. The popularity of Indian food has grown immensely in recent years and for good reason. It's perfectly suited for people who love bold flavors as well as those looking for vegan vegetarian and gluten free meals that don't skimp on taste. But as Sri points out in *Bollywood Kitchen* you've probably never tasted real Indian food. Home cooked Indian American food is surprisingly simple to make using ingredients readily available in your local grocery store. In this book you'll find dinner menus and brunch menus menus for kids and menus for cocktail parties. Along with each healthy and easy to prepare meal Sri has paired one of his favorite Bollywood movies. Every one of these films is a musical packed with dazzling song and dance numbers that are the hallmark of Bollywood beloved by millions of fans all over the world. Sri will introduce each film to you explaining why you'll love it and letting you in on some juicy morsels from behind the scenes. *Bollywood Kitchen* is as much a beautiful coffee table book as it is a cookbook filled with gorgeous film photographs and colorful tablescapes. It's a unique treasure for Indian food lovers as well as fans of world cinema. **The Economist**, 2012
