Dr Bassoff also illuminates the varied demands of raising sons for married and single mothers, stepmothers and mothers of gay sons. **Beyond Turmoil** Alice Mack, 1992      **Selling Serenity** Andrew Meacham, 1999-07 With the phenomenal growth of Alcoholics Anonymous the vast number of other 12 Step programs that have evolved from it the recovery movement has attained epic status. People are recovering from everything from overeating to sexual addictions, most of them engaging in the 12 steps in order to heal. Those experts that have attained a degree of fame the Recovery Stars get thousands of dollars for speaking about their own recovery experiences. The recovery movement has become a billion dollar industry a major facet of our current culture. Recovery is a subculture of shared values the highest noblest of which is serenity. Recovery is not only proposed as a means of conquering an addiction but also a way of saving your life, achieving a higher level of being. In this detailed, well-researched book however, author Andrew Meacham questions the processes that the 12 Step programs in fact the entire recovery movement employ. Why does the medical profession qualify all these addictions as diseases? Why is the insurance industry so quick to pay for treatment? Meacham attempts to answer these questions many more that the recovery movement raises. He attempts to define addiction disease, cites various studies used to support recovery ideology, pointing out the misapplication of their results that often leads to over generalization, false claims. He discusses the paradox between the written word of individuality within the recovery movement the unwritten universal stories that recovery gurus use to take away the individual's power.      **Cold War Compulsions** Nancy D. Campbell, 1995      **The Men's Bibliography** Michael

Flood,1995    **Words on Cassette** ,1995    **The Doormat Syndrome** Lynne Namka,1989 The author examines the dynamics of unhealthy relationships and offers spiritual techniques to help adult children from dysfunctional families develop and maintain fulfilling relationships with themselves and others
