Developing Creative Thinking to Improve Academic Writing Azza Abugharsa PhD, 2018-05-08 Developing Creative

Thinking to Improve Academic Writing Part Two Advanced Level textbook helps enhancing lateral thinking within the given contextual frame in order to promote students intellectual challenge to produce a comprehensive understanding about the topic This facilitates flexible thinking required to write academic assignments in which arguments are presented for thorough analysis Since rigid judgments can lead to fossilized views it is recommended to emphasize the concept that all opinions are correct from the points of view of their holders In this regard this book helps college students practice improving their triangular thinking skills which emphasize evaluation of all the aspects of the topic in an equal pattern Furthermore this book is useful for ESL college students as well as native speakers of English as it reinforces transformational learning principles which highlight education by inspiration rather than information Such a strategy can motivate the students to become more creative more practical and more resourceful and enable them to transform their learning related thinking abilities and attitudes in order to come to a better understanding of themselves and the world
