## Ttr Manual:

Transition to retirement Roger J. Stancliffe,Nathan J. Wilson,Nicolette Gambin,Christine Bigby,Susan Balandin,2013-10-16 As much as everyone groans from time to time about the humdrum and stresses of work retirement is an unsettling prospect for most people It s a major transition in anyone s life and change of this magnitude often arouses anxiety This is much more so for people with disability particularly intellectual disability But as this manual shows it doesn t have to be like that The Transition to Retirement TTR program has been developed in response to a genuine problem the need for an effective approach to supporting older employees to build an active socially inclusive lifestyle after retirement The approach mapped out in this manual may not be the solution for all workers with disability but it will certainly assist quite a few The TTR program emphasises social inclusion It is consistent with the focus of the National Disability Insurance Scheme NDIS on building community participation and independence It is also consistent with the National Disability Strategy s emphasis on promoting social inclusion in mainstream community settings and service systems The TTR program supports ageing people with disability to develop new interests skills and social networks and facilitates their participation in mainstream community groups With the manual comes a series of video clips which makes the idea of inclusive activities in retirement easily understandable to people with disability their families and community organisations
