AI Innovation in Services Marketing Correia, Ricardo, Venciate, Dominyka, 2024-05-13 The emergence of artificial intelligence AI has ushered in a transformative wave disrupting trends and reshaping the landscape of services marketing. As businesses grapple with the interplay between evolving consumer behaviors and the progression of AI a critical need emerges for a guide to navigate this complex terrain. The stakes are high and the challenges are multifaceted from redefining customer experiences to addressing ethical considerations in the age of automation. In response to these pressing issues AI Innovation in Services Marketing stands out as a source of insight unravelling the complexity surrounding the integration of AI in services marketing. This book endeavors to equip readers with an understanding of how AI is not just a tool but a force driving profound transformation in services marketing. Through a lens focused on real world examples and insightful case studies it illuminates the impact of AI on productivity and customer experiences. Beyond the transformative power the book grapples with the ethical considerations that arise in the wake of AI adoption in services marketing. It seeks to guide both academics and practitioners offering a resource to harness AI strategically optimize services and maintain a competitive edge in the global market

The Corporates Strike Back Lucas Sauberschwarz, Lysander Weiss, 2022-01-31 65% of global CEOs are concerned about losing the innovation race against disruptive start ups. The supposed solution copying their methods. But as corporations are not start ups this is a fatal mistake. Most ideas never reach successful implementation and innovation becomes frustration. So how does a solution look like that enables large firms to systematically leverage their existing strength and thus win the innovation race sustainably. The answer is the 5C process for efficient innovation. This book closes a gap in the practice oriented innovation literature and brings the desire for innovation back to established companies. The road to successful innovation management is long this book is the shortcut. Thomas Weiler VP Innovation Portfolio Strategic Programs Deutsche Telekom An overdue update on traditional R D processes for the 21st century. Uwe Wagner CTO Schaeffler Anyone who has ever experienced the methodology described here in practice will hide the book from the competition. Dr Carsten St cker World Economic Forum Global Future Council Member
