The FHFA House Price Index is a weighted, repeat-sales index, meaning that it measures average price changes in repeat sales on the same properties. This information is obtained by reviewing repeat mortgage transactions on single-family properties whose mortgages have been purchased or securitized by Fannie Mae or Freddie Mac since January 1992.

Weology Peter Aceto, Justin Kingsley, 2015-09-22 Canada's most engaging banker shares his strategies for operating in a radically different way in our ever-changing business world. Nothing is average or normal at Tangerine formerly ING Direct not the name not the style of banking not the leadership. And Peter Aceto is not your average executive. The president and CEO of Tangerine runs his business in an unorthodox and intuitively human way. The bank has no tellers no lineups no bricks and mortar branches for its customers to visit. But people are at the core of the operation loyal happy and engaged employees who help thousands of customers save their money buy homes and enjoy a healthy financial life. Weology provides an in-depth look into the people-first leadership strategies that have made Tangerine Canada's leading direct bank with more than 19 million clients and close to 40 billion in total assets. As the company's guiding hand for more than six years Aceto thrives in his role by relying strongly on transparency trust and accessibility. He doesn't have a luxurious corner office instead he sits among the other employees and he often responds to calls and emails from customers directly. Aceto's relentless focus is on driving a type of radical thinking that delivers superior and unparalleled results for Tangerine and the financial well-being of Canadians and that demonstrates largely how business will be led in the future. In Weology Aceto shares many stories that show how his philosophy and strategies have made him and his business so successful. **Tax Planning Ideas**, 1979
