## **Writing Design Writing Design:**

Writing Design Grace Lees-Maffei,2012-01-17 Explains how important language is to understanding design how a range of texts from design criticism to instructions and labels shape the appreciation and use of design    **How We Write** Mike Sharples,2002-11-01 How We Write is an accessible guide to the entire writing process from forming ideas to formatting text Combining new explanations of creativity with insights into writing as design it offers a full account of the mental physical and social aspects of writing How We Write explores how children learn to write the importance of reflective thinking processes of planning composing and revising visual design of text cultural influences on writing global hypertext and the future of collaborative and on line writing By referring to a wealth of examples from writers such as Umberto Eco Terry Pratchett and Ian Fleming How We Write ultimately teaches us how to control and extend our own writing abilities How We Write will be of value to students and teachers of language and psychology professional and aspiring writers and anyone interested in this familiar yet complex activity

Writing Design Grace Lees-Maffei,2013-09-12 How do we learn about the objects that surround us As well as gathering sensory information by viewing and using objects we also learn about objects through the written and spoken word from shop labels to friends recommendations and from magazines to patents But even as design commentators have become increasingly preoccupied with issues of mediation the intersection of design and language remains under explored Writing Design provides a unique examination of what is at stake when we convert the material properties of designed goods into verbal or textual description Issues discussed include the role of text in informing design consumption designing with and through language and the challenges and opportunities raised by design without language Bringing together a wide range of scholars and practitioners Writing Design reveals the difficulties ethics and politics of writing about design
