

# OPINION WRITING

Opinion writing builds the foundational skill set for argument writing. Opinion writing requires students to take a stand and support it with clear and relevant reasons.

**The purpose of opinion writing is to share a point of view.**

# ARGUMENTATIVE WRITING

Argumentative writing requires students to make a claim and support it with research, evidence, and logic. A strong argument also includes a counterargument and a rebuttal.

**The purpose of argument writing is to convince the reader to consider a different point of view.**

*Elementary and Middle School Mathematics* John A. Van de Walle, 1998 John A. Van de Walle has written a book that helps readers make sense of mathematics and become confident in their ability to teach mathematics to children K to 8. Elementary and Middle School Mathematics consists of 16 chapters reflecting the view that all mathematics can be taught through a problem solving approach that motivates children and builds their confidence as they learn. This book thoroughly discusses the new standards and clearly develops four key aspects of teaching mathematics: the nature of mathematics as a science of pattern and order; an understanding of how children learn mathematics; a problem solving view of teaching mathematics; and specific methods for integrating assessment with instruction. Simple yet effective classroom activities are woven throughout the chapters as well as suggestions for technology and literature. [Reading and Writing in the Mathematics Classroom](#) McGraw-Hill Education, 2002-07-11 Reading and Writing in the Mathematics Classroom features suggestions and activities for including reading and writing as an integral part of the mathematics curriculum. It also includes suggestions for differentiated approaches to teaching mathematics for the English Language learners and inclusion students.

*Field Experience Guide: Resources for Teachers of Elementary and Middle School Mathematics* John A.
