

**Sample Proposal for (company name).  
Adoption Assistance Benefit**

Prepared by: (name of employee) – April 3, 2002

**Summary of Proposal:**

The purpose of this document is to propose the addition of an adoption assistance benefit plan at (company name). The plan would assist employees in adding to their families through adoption. The benefits of the plan would be consistent with those afforded to employees choosing to add to their family through birth. The costs associated with adoption can often range from \$10,000 to \$25,000 but are usually not covered by insurance. Both an increasing number of employers offering adoption benefits and federal and state initiatives backing adoption offer compelling evidence for addressing this need.

**Some business advantages of implementing such a plan would be:**

1. provide an extremely cost effective tax free benefit to employees at a time of substantial need;
2. provide a benefit available to and likely appreciated by all employees, but actually utilized by very few;
3. address an inequity in the present benefit plan;
4. further demonstrate a commitment to the practices and principles of a Christian and family-friendly company.

**Formal Proposal Statement:**

It is proposed that (company name) add to the company's benefits package an adoption benefit for eligible employees that provides up to \$5000 reimbursement of qualified adoption expenses as well as 1 week paid leave and up to 2 weeks unpaid leave.

**Overview of proposal supporting arguments:**

As adoption has gained in acceptance as a way to begin or expand a family, employees and employers have become more interested in adoption benefits. Many prospective parents find it very difficult to adopt without the support of their employers.

While maternity benefits are standard in most health care programs, adoption benefits are often non-existent. In addition to needing financial help, adoptive parents desire an employer committed to work/family life balance and willing to allow the time necessary for the adoption process to be completed. Many employers view employees with families as stable, reliable, hardworking assets. Unfortunately, biological families and adoptive families are sometimes treated quite differently where benefits are concerned.
