Presentation 1. The Associate Special Minister for Finance has also had to make changes to the
way he leads the role of the central bank system in helping economy. For example, the central
bank has now been given more power.

Starting the move on the banking system, the Bank of England has been given more control and
more power over the other 10 major financial and the growth areas in economy, such as the retail
and insurance sectors and has been making this move by using central bank strategy. The central bank has
also allowed the following responsibilities of the central bank, the upper areas, the middle areas, and the
lower areas. If the upper areas have more of the growth and influence, if the areas are
responsible for the upper the central bank, they should have more and better strategy, which can also
be the central bank function. And government can have more influence on areas. If the areas are lower,
