Networks Sydney University alumni staff and students, 2022-03-01 Our world is built around the people, groups, and communities we surround ourselves with. They form networks of connections, beliefs, and ideas that can help to shape the people we become. These networks have become vital in a time where lockdowns have pushed us apart and reinforced the need to be a part of something whole. This anthology examines the ways we find joy in lockdown, keep people and places alive through memory and search for connection in an increasingly digital age. Featuring poetry, short stories, and visual art, it introduces bold new voices that will command your attention and prompt you to think differently about the relationships that make everyday life worthwhile.

Political Expressionism Reza Mohajer, 2023-10-15 Political Expressionism Roots of Social Movements in Iran, the Middle East, and the World describes how politics is much more abstract now and similar to how expressionism affected the art world. This work applies a theoretical and historical overview to examine changes in how social movements operate over the last century with a comparative overview of events in Iran, the Middle East, and the world. Increased usage of Information Communication Technologies (ICTs) and their impact on Traditional Communication Methods (TCMs) forever altered the dynamics of contention. This book's motivating questions are: What is the modern dream for social change? What is the future of Social Movements in Iran, the Middle East, and the World? What are the roles of Social Movements as a tool which can help create frameworks for democracy? and How did Internet Communications Technologies (ICTs) impact the conceptualization of space in states and societies? Social movements analyzed in this work include: 18 Tir, the Iran Students protest of July 1999, the Green Movement,

of Iran 2009 2010 the economic uprisings and the Women Life Freedom Movement in Iran of 2022 the Arab Spring 2010 2012 Taksim Square Gezi Park Movement in Turkey 2013 and the Umbrella Revolution in Hong Kong that started in 2014 This book aims to bridge knowledge gaps between the theory and practice of social movements for academics and human rights activists alike
