 It is a mystery story and a detective story about mankind s primordial quest for peace on earth which first requires that we  
 understand how peace gets destroyed And like the thrillers on TV that reveal clues slowly you will see a crescendo of  
 mysteries that I knew were clues if I could just figure them out Those tough experiences were simply what I had to go  
 through to develop the sensitivity to subliminal signals in nature that I never would have been able to pick up if my life had  
 only been happy and easy Yet the story is peppered with exhilarating moments of transcendence love and naivete Wonderful
