Cervantes the drawings and paintings of Chilean American artist Liliana Wilson and Favianna Rodríguez's screen-printed images Pérez identifies art as one of the most valuable laboratories for creating imagining and experiencing new forms of decolonial thought Such art expresses what Pérez calls eros ideologies understandings of social and natural reality that foreground the centrality of respect and care of self and others as the basis for a more democratic and responsible present and future Employing a range of writing styles and voices from the poetic to the scholarly Pérez shows how art can point to more just and loving ways of being
