in common is they don't feel like a chore. Once you land on the right routine you'll look forward to waking up. This comprehensive guide will show you how to get into a routine that works for you so that you can develop the habits that move you forward. Just as a Jenga stack is only as sturdy as its foundational blocks, the choices we make throughout our day depend on the intentions we set in the morning. Like it or not, our morning habits form the stack that our whole day is built on. Whether you want to boost your productivity, implement a workout or meditation routine, or just learn to roll with the punches in the morning, this book has you covered.

**Five Morning Routines of Highly Successful People** Claire

Keymington, 2019-03-03

**5 MORNING ROUTINES OF HIGHLY SUCCESSFUL PEOPLE** They are without doubt some of the most successful individuals in the world of business, acting, politics, and others we probably aren't even aware of. Will you listen to what Oprah Winfrey, Brain Tracy, Ex POTUS Barack Obama, Tony Robbins, and Will Smith have to say about your morning routines? I think you should. In this easy-to-read, very friendly guide on what you should do each day when you wake up, you are subtly nudged into excellence as we examine the A.M. lives of these inspiring personalities and get wisdom on how to modify our own routines to give room for greatness. After finding out this great secret of having morning routines that give structure to your day-to-day activities, I couldn't help but share the secret with you, and that's what led to the birth of this book. So dig in, get a few laughs, get upped on your wisdom level, and let's all progressively climb the ladder of early morning greatness.

**The Little Book of Morning Routines** Krystian Szastok, 2019-12-23

Learn how you can take charge and transform your day through a simple minimum 5-minute morning routine. You will learn new ways to boost your energy in the mornings, how to build your morning routine, and how to stick to the habit of morning routines. Krystian Szastok has written this book based on his research and practice of morning routines over many years; he has been coached and mentored by extremely successful entrepreneurs and life coaches to maximise his everyday success and bring a mix of self-discovery and motivation to your morning. The book doesn't just cover morning routines but also helps you discover your inner calling and add more purpose to your life. These qualities and accomplishments will bring you closer to others in your life and help you grow new relationships. From inside of the book: Imagine if you could wake up, get inspired, get some exercise, read, meditate, plan your day, hydrate, have your morning coffee, work on your side projects, and send messages to your loved ones all before the majority of the world is even awake. I did all this today as I'm writing this book by waking up at 4am and just doing it. You can accomplish these things too, just start waking up 15 minutes earlier than you would usually take. Small steps I used to wake up at 7am for a year because that felt like my absolute earliest due to climate. I wasn't functioning well; it was way too hot in Asia for me. Who is this book for? If you're someone who wants to achieve more in your life, this book is for you. If you're a freelancer or a business owner and you have a lot of daily responsibilities, this book is for you. If you're in a relationship and want to connect better with your partner, or if you're currently single, this is a book for you. Whatever stage of life you're at or lifestyle you're leading, adding morning routines will skyrocket your daily performance.
