**Inventing the Cloud Century** Marcus Oppitz, Peter Tomsu, 2017-08-03 This book combines the three dimensions of technology society and economy to explore the advent of today's cloud ecosystems as successors to older service ecosystems based on networks. Further, it describes the shifting of services to the cloud as a long-term trend that is still progressing rapidly. The book adopts a comprehensive perspective on the key success factors for the technology compelling business models and ecosystems, including private, public, and national organizations. The authors explore the evolution of service ecosystems, describe the similarities and differences, and analyze the way they have created and changed industries. Lastly, based on the current status of cloud computing and related technologies like virtualization, the Internet of Things, fog computing, big data, and analytics, cognitive computing, and blockchain, the authors provide a revealing outlook on the possibilities of future technologies, the future of the Internet, and the potential impacts on business and society.

**Integration of Cloud Technologies in Digitally Networked Classrooms and Learning Communities** Gurung, Binod, Limbu, Marohang, 2016-11-22 The application of emerging technology in educational settings has proven to significantly enhance students' experiences. These tools provide better learning opportunities and engagement between students and instructors. *Integration of Cloud Technologies in Digitally Networked Classrooms and Learning Communities* is a pivotal reference source for the latest scholarly research on the implementation of cloud pedagogies and innovations in classroom environments. Highlighting concepts related to learning engagement, curriculum design, and theoretical perspectives, this book is ideally designed for researchers, practitioners, professionals, and students interested in the use of cloud technology in digital classrooms. **FCC Record** United States.
