Passive and Active Measurement Neil Spring, George F. Riley, 2011-03-11 This book constitutes the refereed proceedings of the 12th International Conference on Passive and Active Measurement PAM 2011 held in Atlanta GA USA in March 2011 The 24 revised full papers presented were carefully reviewed and selected from 56 submissions The papers were arranged into seven sessions covering passive measurement wireless models bandwidth automated bots route avoidance interdomain protocols timing and diagnosis

No Rules Rules Reed Hastings, Erin Meyer, 2020-09-08 The New York Times bestseller Shortlisted for the 2020 Financial Times McKinsey Business Book of the Year Netflix cofounder Reed Hastings reveals for the first time the unorthodox culture behind one of the world's most innovative imaginative and successful companies There has never before been a company like Netflix It has led nothing short of a revolution in the entertainment industries generating billions of dollars in annual revenue while capturing the imaginations of hundreds of millions of people in over 190 countries But to reach these great heights Netflix which launched in 1998 as an online DVD rental service has had to reinvent itself over and over again This type of unprecedented flexibility would have been impossible without the counterintuitive and radical management principles that cofounder Reed Hastings established from the very beginning Hastings rejected the conventional wisdom under which other companies operate and defied tradition to instead build a culture focused on freedom and responsibility one that has allowed Netflix to adapt and innovate as the needs of its members and the world have simultaneously transformed Hastings set new standards valuing people over process emphasizing innovation over efficiency and giving employees context not controls At Netflix there are no vacation or expense policies At Netflix adequate performance gets a generous severance and hard work is irrelevant At Netflix you don't try to please your boss you give candid feedback instead At Netflix employees don't need approval and the company pays top of market When Hastings and his team first devised these unorthodox principles the implications were unknown and untested But in just a short period their methods led to unparalleled speed and boldness as Netflix quickly became one of the most loved brands in the world Here for the first time Hastings and Erin Meyer bestselling author of *The Culture Map* and one of the world's most influential business thinkers dive deep into the controversial ideologies at the heart of the Netflix psyche which have generated results that are the envy of the business world Drawing on hundreds of interviews with current and past Netflix employees from around the globe and never before told stories of trial and error from Hastings's own career *No Rules Rules* is the fascinating and untold account of the philosophy behind one of the world's most innovative imaginative and successful companies

Billboard , 2010-01-09 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
