The Video Games Textbook Brian J. Wardyga, 2018-08-06 The Video Games Textbook takes the history of video games to another level with visually stimulating comprehensive and chronological chapters that are relevant and easy to read for a variety of students. Every chapter is a journey into a different era or area of gaming where readers emerge with a strong sense of how video games evolved, why they succeeded or failed, and the impact they had on the industry and human culture. Written to capture the attention and interest of both domestic and international college students, each chapter contains a list of objectives and key terms, illustrative timelines, arcade summaries, images, and technical specifications of all major consoles. Key Features: Explores the history of video games including the social, political, and economic motivations; Facilitates learning of material with illustrative timelines, arcade summaries, and images; Highlights the technical specifications of all major consoles; Illustrates the breakthroughs and trends of the gaming market.

Forthcoming Books Rose Arny, 1990 [Private Eye](#), 1980 **Wii Secrets** Tori Bostrom, 2016-09-20 The Wii Secrets Book is a book that will help you get the most out of your new Nintendo Wii right out of the box. You'll start out learning about all of the backwards compatibility of your new system so you know what you can and can't do with your system. You'll also discover the parental controls, the Wii shop channel, and the WiFi functionality included with your system. You'll even get customized game recommendations depending on your age/experience level. After that, you're going to get educated on the new and completely unique Wii controller. These things bring interactive gaming to a whole new level never experienced by any other system on the planet. Next, you are going to learn about all of the extra accessories that are available for the Wii and which ones you might want to grab. Also covered is third party modifications to the Wii, which are available. The future of the Wii and new features that are on the way are also covered in great detail, as well as cheat codes and where to find them. Everything is wrapped up with a section on how to maintain your Wii properly for maximum life.
