## Fantasy Football Update:

*Windows 10 May 2019 Update: The Missing Manual* David Pogue, 2019-05-10 The Windows 10 May 2019 Update adds a host of new and improved features to Microsoft's flagship operating system and this jargon free guide helps you get the most out of every component. This in depth Missing Manual covers the entire system and introduces you to the latest features in the Windows Professional, Enterprise, Education and Home editions. You'll learn how to take advantage of improvements to the Game Bar, Edge browser, Windows Online smartphone features and a lot more. Written by David Pogue, tech critic for Yahoo Finance and former columnist for The New York Times, this updated edition illuminates its subject with technical insight, plenty of wit and hardnosed objectivity.

*Newsgames* Ian Bogost, Simon Ferrari, Bobby Schweizer, 2012-09-21 How videogames offer a new way to do journalism. Journalism has embraced digital media in its struggle to survive. But most online journalism just translates existing practices to the Web: stories are written and edited as they are for print, video and audio features are produced as they would be for television and radio. The authors of *Newsgames* propose a new way of doing good journalism: videogames. Videogames are native to computers rather than a digitized form of prior media. Games simulate how things work by constructing interactive models. Journalism as game involves more than just revisiting old forms of news production. *Wired* magazine's game *Cutthroat Capitalism*, for example, explains the economics of Somali piracy by putting the player in command of a pirate ship, offering choices for hostage negotiation strategies. Videogames do not offer a panacea for the ills of contemporary news organizations. But if the industry embraces them as a viable method of doing journalism, not just an occasional treat for online readers, *newsgames* can make a valuable contribution.
