*GarageBand for Mac. From Idea to Final Mastering* Marco Perino, 2022-11-23 GarageBand allows you to be or become a Producer. You only need to feel like playing. With this manual you will create an original song from scratch, touching on all the production stages from pre-production to drafting the piece, from the Vocal Line to Intonation, from Recording to Editing, from Midi to Sound Design, from Mix to Mastering to the Release. Illustrated steps will show you in a PRACTICAL way, hands on the mouse, how to produce a song from scratch and you will also be taught how to avoid the most common mistakes. You'll learn to produce by producing. Do you know the demo buttons the demos of keyboards sold in music stores or supermarkets? I always press them to understand what I can achieve with that particular model. They let you hear wonderful performances of harmonious sounds and rhythms. It's a pity that once I get home the keyboard remains a Cinderella dressed in rags with completely aseptic rhythms and sounds, making me feel partly inadequate and partly fooled. I don't want to catch you or make you feel fooled. Over the next pages we're going to create a song together from the beginning to the end with hundreds of illustrated steps. I'm going to walk you through it with simple words easily the way I wish someone would have explained it to me. GarageBand is music. Music can be a hobby, Music can be a toy, Music can be a work. And with GarageBand Music can be you too. Compatible with all versions of GarageBand 10 with Downloadable Projects to follow the illustrated steps in the book. There are both projects created with the latest release of GarageBand to be executed with the latest operating system and projects created with GarageBand 10.2.0 to be executed on historic and stoic Macs with an operating system from El Capitan macOS 10.11.6 and later. No user of GarageBand 10 of any version will be left behind.

Marco Perino, Owner of the Prosuono studio, lyricist, producer and post producer has the experience of hundreds of concerts, classes and lessons as a trainer in a method where practice leaves no room for theory. The result will be only purely tangible music. By the same author: Little Dreams, what if the black sheep is me, Orange Logic Pro X, From Idea to Final Mastering
