**Money Matters for Financial Freedom** David Shippy, Leslie Shippy, 2018-12-04 A roadmap for achieving financial freedom in less than five years David and Leslie Shippy went from a middle class life to financial freedom in three short years They were able to replace both of their multiple six figure incomes and walk away from corporate America Their first three apartment investments tripled their investors money They have since gone on to purchase and manage a portfolio of apartments that consists of over three thousand units and is worth over 300 million Money Matters for Financial Freedom reveals the principles they used to do it David and Leslie's detailed guide provides specific examples and skills that shift readers thinking from a middle class mindset to a financially free millionaire mindset It outlines specific techniques and leadership skills necessary for running a multimillion dollar business along with step by step examples of how to manage money create multiple business streams of income and enable financial freedom

COUVERT Clive Shong Ho, 2019-01-10 Freewill is seen by some as a human being's greatest asset People make choices from the top level government to business

leaders and right down to liberated teens and even toddlers The power to choose can turn a person's or nation's destiny At the macro level the individual has little chance of altering a course of events as power is vested in a higher authority Under an orderly system people have no choice but to accept all non-controllable factors It's been like this since the beginning of time and the human race has thrived The Biblical view places a very different slant on self-will It's contradictory to the worldly norm At the micro level Christians need to meet their secular obligations which can be quite stressful However the priority is in the perpetuity where God holds all the keys There are obligations attached but we hardly stress over them in the slightest If so there is a great deal that has been missed somewhere along the line This book seeks to explore some of those vital gaps However the covert treasures can only be understood and received by unveiled hearts      *Will They Return* Gilbert Rivera, 2006-12-08 *Will They Return* Those words echoed in the minds of all men shipping overseas to fight in WWII This true story told from the perspective of the common footsoldier is an unflinching look into the tough day-by-day fight that soldiers in Company A of the 71st Infantry Regiment of the United States Army endured in Northern France and Germany as the allied armies pushed the Germans back towards the German homeland in late 1944 early 1945      *Morning Hydrate Habit* Jenny Smith, AI, 2025-02-13 *Morning Hydrate Habit* offers a practical guide to improving well-being through a simple yet powerful keystone habit intentional morning hydration The book explores the science behind why drinking water first thing can boost energy levels sharpen focus and kickstart metabolism It highlights the role of hydration in various bodily functions and explains how aligning water consumption with the body's circadian rhythm can amplify its benefits The book takes a structured approach starting with the core concepts of hydration and then delving into the physiological benefits examining the impact on metabolism and cognitive function It also discusses beneficial and detrimental liquids Readers will gain insights into habit formation learning how to establish and sustain a morning hydration routine The book emphasizes making goals easier to achieve regardless of current health behaviors and concludes with troubleshooting tips and customization strategies tailored to individual needs making it valuable for anyone looking to improve their daily routine      **International Record of Medicine and General Practice Clinics** Edward Swift Dunster, Frank Pierce Foster, James Bradbridge Hunter, Charles Eucharist de Medicis Sajous, Gregory Stragnell, Henry J. Klaunberg, Félix Martí-Ibáñez, 1908      *The Return of the Horsemen* Mark Roddy, 2024-01-22 The phone call was short a complaint from Mark Webley a freshman at St Mary's college in Maryland reporting that every Thursday night he was picking up a coded message in morse code that was being repeated verbatim all the way around the world by other ham radio operators The situation is addressed at the next executive meeting at the Carlisle War College in Pennsylvania A decision is made that it wouldn't hurt to set up an informal ROTC program at various schools to explore the possibility that other unfriendly nations might still be using primitive forms of communication against the United States The situation explodes when Mark Webley now an exchange student at the University of Gibraltar intercepts communications that accurately describe the movement of US submarines in and out of the

Mediterranean On the surface this novel is a love story between Mark Webley and Maria Blasini as they work their way through the maze trying to get to the end in one piece and return to college where they belong On a second level it is a high action drama involving patriotism loyalty love trust and respect as opposed to lying cheating treason and corruption fueled by massive amounts of money And finally it is a warning to the United States military that although this book is fiction there is truth in it which should not be ignored As for the horses I guess you will have to read the book to find out *New York*
