A) Throttle lever

Located on the right side of handlebar. When compressed, it controls the engine speed and the engagement of the transmission. When released, engine speed returns automatically to idle.

B) Brake lever

Located on the left side of handlebar. When compressed, the brake is applied. When released, it automatically returns to its original position. Braking effect is proportionate to the pressure applied on the lever and to the type of terrain and it's snow coverage.

WARNING: On Alpine model, always apply the brake and come to a complete stop then while holding brake on, change gear. This is particularly important while on a slope.

C) Parking brake lever (Alpine only)

Located on the right side of handlebar. Use to park the vehicle.
