## **Subpersonalities The People Inside Us:**

**Subpersonalities** John Rowan,2013-04-15 We all have had the experience of being divided of being in two minds about something one part of us wants to do this another wants to do that Subpersonalities is the first book to do justice to the phenomenon as a normal feature of our psychological life John Rowan argues that we all have a number of personalities that express themselves in different situations and that by recognising them we can come to understand ourselves better and improve our relationships with others Anyone reading this book will run the risk of making quite new discoveries about themselves In looking at where subpersonalities come from John Rowan explores the work of psychologists and psychotherapists from Jung and Freud onwards and adds insights gained from his own work as a therapist and counsellor He relates the journey of discovery that he himself undertook in search of his own subpersonalities The result is a fascinating book that challenges our accepted view of ourselves and provides an intriguing picture of how human beings work and why communication between them so often goes wrong Subpersonalities is a book for anyone interested in their own personality and how it helps or hinders their everyday life *Subpersonalities* John Rowan,1991 *American Rehabilitation* ,1990

Rowan shows how each of us is made up of a number of subpersonalities Some may help us some may hinder us If we want to be in charge of our inner world we had better find out who they are and what they do John Rowan has written this book specifically to enable you to do this Lively and entertaining with questionnaires and simple exercises Discover Your Subpersonalities will enable you to get to know the people inside you
