Aitchison,2018-04-12 The true story of a small fishing village in 19th century Scotland and the deadly storm that left tragedy in its wake is recounted in this gripping read Scotsman UK On October 14th 1881 a severe windstorm struck the southeastern coast of Scotland devastating fishing communities throughout the region In all 189 fishermen were lost in a single afternoon 129 of them hailed from the village of Eyemouth In Black Friday Scottish historian Peter Aitchison recounts the astonishing story of that storm and its tragic aftermath Aitchison combines larger historical context with personal accounts of fishermen caught in the maelstrom and their families waiting anxiously for news It is a story of a poor community driven to desperate measures by an onerous tithe system and a time when Eyemouth was the center of a massive smuggling ring As a direct descendent of the community Aitchison does more than simply spin a good yarn He offers rare insight into how these fishermen plied their trade led their lives and met their fate Black Friday was previously published as Children of the Sea *Black Friday* Alex Kava,2010-08-01 On the busiest shopping day of the year a group of idealistic college students believe they re about to carry out an elaborate media stunt at the largest mall in America They think the equipment in their backpacks will disrupt stores computer systems causing delays and chaos disrupting capitalism if only for a moment What they don t realize is that instead of jamming devices their backpacks contain explosives And they re about to become unwitting suicide bombers FBI profiler Maggie O Dell must put her own political troubles aside to work with Nick Morrelli and figure out who s behind this terrorist plot a massacre that s all the more frightening when a tip reveals that Maggie s brother is one of the doomed protestors *Black Friday* David Goodis,1990 From the author of Dark Passage and Shoot the Piano Player a thriller about the dark ethics of crime and the man unlucky enough to violate them With its chilling portrait of a doomed man sorting his way among the perverse loyalties of a criminal family Black Friday has all the earmarks of David

Goodis's classics *Dark Passage* and *Shoot the Piano Player*. It is a haunting and often devastating foray into a world where no one has anything left to lose and survival itself is an act of malice. — *The Success Guidebook* Elizabeth Hamilton-Guarino, 2024-04-23

Do you consider yourself successful? Like most people you probably do not. You might find yourself trapped by obstacles and spinning your wheels for a concept that feels unattainable. The truth is you are already wildly and amazingly successful. Page 4 of cover — **Black Friday and Other Stories** David Goodis, 2006

It's winter in Philadelphia January cold coming in off two rivers. Hart is broke, freezing, looking for a place to lay low from the cops. If he can't find somewhere soon he might do something rash like steal an overcoat and accept a wallet containing \$11,000 from a man dying from gunshot wounds in the street. Whoever killed him might have a bed though, even if that means hanging out with a bunch of thieves and drifters while the heat blows over. Lucky for Hart he's handy with his fists. And if he can use his looks and smarts to get in with the gang maybe he can ride this out and score big on his own. Originally published in 1954, *Black Friday* is one of David Goodis's leanest, meanest, melancholy thrillers. In the character of Hart it features one of his classic tortured romantic heroes: a man who becomes mired in circumstances from which there is no escape. In this edition *Black Friday* is combined with short stories unpublished since they were first written for pulp magazines in America over 50 years ago.

— **AI Business for Everyone** Michael T. Murphy, AI income strategies that actually work for YOUR life. This 1,000 page manual guide delivers hyper personalized passive income roadmaps for 15 demographics: parents, retirees, freelancers, everyone. With 2,100 ready to use prompts, case studies, exposing costly pitfalls, and aggressive 30 day action checklists, you'll build your \$1,000 monthly automated income while others just read about AI. While others debate whether AI will take their jobs, smart individuals across every demographic are quietly building automated income streams generating thousands monthly. This isn't another generic "make money with AI" guide assuming everyone is a tech savvy twenty-something. This is the first truly democratized roadmap to AI wealth crafted for YOUR specific situation. Whether you're a stay at home parent squeezing work between school runs, a retiree navigating technology, a burned out freelancer seeking leverage, or an influencer fighting algorithm changes, this 1,000 page manual guide delivers hyper personalized strategies for your unique circumstances. Each of fifteen demographic focused chapters weaponizes your specific advantages and turns perceived limitations into competitive edges. What sets this guide apart is relentless practicality. This isn't theoretical exploration; it's a bootcamp. Every chapter demands action through implementation checklists, leaving zero room for procrastination. You'll launch micro businesses during naptime, automate client work during lunch breaks, and build passive income streams aligned with your lifestyle constraints. At its heart lies an arsenal of 2,100 battle tested prompts categorized by industry and demographic needs. These aren't generic templates; they're precision engineered tools transforming ChatGPT and Claude into

your personal workforce From healthcare practitioners needing HIPAA compliant content to pet entrepreneurs dominating Instagram every prompt delivers immediate monetizable results Through detailed case studies you'll witness actual people not gurus building sustainable AI businesses Meet the seventy year old launching an AI consulting firm the exhausted mom automating her way to 3 000 monthly the weekend hobbyist whose Chrome extension generates 5 000 monthly Crucially you'll learn their failures and costly mistakes too This isn't success theater it's unvarnished truth about building AI income Every chapter follows an aggressive thirty day timeline transforming overwhelming possibilities into daily actions Week one tool setup and niche selection Week two minimum viable product Week three testing and refinement Week four launch and scale The structure pushes you from zero to revenue through forced accountability and relentless momentum Specialized sections address challenges facing regulated industries and creative professionals Healthcare practitioners monetize expertise while maintaining ethical boundaries Artists discover how AI enhances rather than replaces creativity Educators transform teaching skills into automated course empires Small business owners multiply revenue without multiplying headcount This isn't about replacing human creativity with artificial intelligence It's about amplifying existing advantages through strategic automation The book teaches you to identify unfair advantages whether life experience professional network or availability during odd hours and systematically convert them into income generating systems working while you sleep parent travel or pursue passions The comprehensive prompt library eliminates the learning curve allowing immediate implementation Action checklists ensure you're not just reading but doing Real world examples show both spectacular wins and cautionary tales preparing you for every scenario Join thousands discovering the AI gold rush isn't just for Silicon Valley insiders Your demographic isn't a limitation it's your secret weapon in the 72 billion AI economy Stop watching Start building Your automated income stream awaits
