**Singapore and Asia - Celebrating Globalisation and an Emerging Post-Modern Asian Civilisation** Thiow Kong Ti, Edwards SW Ti, 2014-04-01 Singapore and Asia Celebrating Globalisation and an Emerging Post modern Asian Civilisation TK Ti and Edward SE Ti This book examines the history of the global economy and how cultural values have empowered the rapid emergence of Singapore and East Asia A review of the major world civilizations recounts Western hegemony since the 16th century With legacies from Classical Mediterranean Islamic Abbasid and Christian scholasticism Western civilization created the modern world pushing the borders of techno science rule of law democracy and human rights Perhaps somewhat surprisingly the greatest impact of global modernization has been in Japan South Korea Taiwan Hong Kong Singapore and China These East Asian countries all share a Confucian heritage of hard work ethics thrift love of learning and respect for benign authority Although democracy has had a lukewarm reception there has been whole hearted embrace of techno science and the globalized economy Singapore a minuscule island state fighting for survival following its expulsion from Malaysia in 1965 showcases how uninterrupted innovative governance and modernization has created an efficient livable and global port city top financial center and host to the worlds largest conglomerate of Multinational Corporations There is expectation that current research investment would transform Singapore into a mature knowledge economy In addition to Singapores openness and welcome of global talents and workers committed governance has achieved rule of law control of crime and corruption meritocracy in political and public appointments trade union support and racial and religious harmony Social support which continues to be enhanced is not by way of hand outs but as subsidies in education healthcare and home ownership In the 1970s and 1980s Asian values was proposed to be driving the emergence of Japan and the Asian tigers With the current awesome rise of China challenging the world order it seems prudent to resume the conversation

**Workplace Abuse, Incivility and Bullying** Maryam Omari, Megan Paull, 2015-10-05 This book bridges an existing gap in the literature relating to the study of workplace abuse incivility and bullying It provides broad perspectives to capture some of the diversity associated with the study of negative human behaviours using different methodological approaches and in different cultural contexts Studies in the area have grown in leaps and bounds over the last few decades As we come to know more about the nature of these adverse behaviours the reasons they happen and the impact they have on individuals and beyond new gaps in knowledge emerge On one hand the paucity of research is assisting in better understanding and management of these negative behaviours on another generalised information without an appreciation of the context in which the behaviours unfold may be detrimental to the cause especially given a globalised and multicultural world Workplace Abuse Incivility and Bullying presents findings from under researched methodological and unique cultural perspectives Such an approach will allow us to gain deep insights into the diversity and complexities associated with perceiving being subjected to and experiencing negative behaviours at work The book has applicability across a broad range of audience from academics

through to practitioners and even victims and suspected perpetrators     **People Disrupted** Kim Jinbong,Dwight P. Baker,Jonathan J. Bonk,J. Nelson Jennings,Jae Hoon Lee,2018-06-30 Doing Mission Responsibly among Refugees and Migrants Migration has been a major source of change and a central feature in human development but the sheer magnitude and relentlessness of migrant movements in recent decades defy easy analysis The Korean Global Mission Leadership Forum desires accountability in Christian world mission This volume is the outcome of the multinational case studies and responses presented at KGMLF s 2017 consultation held in Sokcho Korea on the subject Migration Human Dislocation and

Accountability in Missions The studies presented deal with significant issues in Christian mission and address the case of North Korean migrants the sufferings of Iraqis fleeing from war African refugees Syrian refugees in Lebanon overseas

Filipino workers the situation of refugees in Europe and other refugee cases     **The Asian Modern** C. J. Wan-ling Wee,2007 How does one comprehend the phenomenon of the modernization of an Asian society in a globalized East Asian context With this opening question the author proceeds to give an account of how the modernization processes for postcolonial societies in Asia such as those of India Malaysia and Singapore are fraught with collaborations and conflicts between different socio political historical economic and cultural agents

**Lion City** Jeevan Vasagar,2022-03-01 A compelling illuminating and evocative history of Singapore the world s most successful city state In 1965 Singapore s GDP per capita was on a par with Jordan Now it has outstripped Japan After the Second World War and a sudden rupture with newly formed Malaysia Singapore found itself independent and facing a crisis It took the bloody minded determination and vision of Lee Kuan Yew its founding premier to take a small island of diverse ethnic groups with a fragile economy and hostile neighbours and meld it into Asia s first globalised city Lion City examines the different faces of Singaporean life from education and health to art politics and demographic challenges and reveals how in just half a century Lee forged a country with a buoyant economy and distinctive identity It explores the darker side of how this was achieved too through authoritarian control that led to it being dubbed Disneyland with the death penalty Jeevan Vasagar former Singapore correspondent for the Financial Times

masterfully takes us through the intricate history present and future of this unique diamond shaped island one degree north of the equator where new and old have remained connected Lion City is a personal insightful and definitive guide to the city and how its extraordinary rise is shaping East Asia and the rest of the world

**Responding to Globalization** Selvaraj Velayutham,2007 Investigates the Singapore Government s approach to the construction of national identity This book focuses on the global national nexus the tensions between the necessity to embrace the global to ensure economic survival yet needing a committed population to support the perpetuation of the nation state and its economic success

**Singapore in the Global System** Peter Preston,2007-12-21 This book tracks the phases of Singapore s economic and political development arguing that its success was always dependent upon the territories links with the surrounding region and the wider global system and suggests that managing these links today will be the key to the country s future Singapore has

followed a distinctive historical development trajectory. It was one of a number of cities which provided bases for the expansion of the British empire in the East. But the Pacific War provided local elites with their chance to secure independence. In Singapore the elite disciplined and mobilized their population and built successfully on their colonial inheritance. Today the city state prospers in the context of its regional and global networks and sustaining and nurturing these are the keys to its future. But there are clouds on the elite's horizons domestically the population is restive with inequality migration and surplus repression causing concern and internationally the strategy of constructing a business hub economy is being widely copied and both Hong Kong and Shanghai are significant competitors. This book discusses these issues and argues that although success is likely to characterize Singapore's future the elite will have to address these significant domestic and international problems.

*Asianism and the Politics of Regional Consciousness in Singapore* Leong Yew, 2013-11-20

Over the last two decades Singapore has undergone a substantial degree of Asianization. Apart from participating in the Asian values debate of the 1990s re-visioning itself as New Asia and a global Asian hub and establishing Asian identities for the commodities it consumes and produces Singapore has also repurposed its modernity cultures and ethos along similar regionalist precepts. However even in recent times Singapore continues to vacillate ambivalently between identifying with and differentiating itself from Asia. Responding to the challenges Singapore faces in coming to terms with its Asian identity this book examines the complex cultural social and political underpinnings that have shaped Singapore's mainstream discourse on Asia. Indeed it argues that its legacy as a colonial port city the exigencies of managing the post independence nation state and the larger forces of imperialism and capitalism all contribute to its politics of Asianism. Taking a thoroughly interdisciplinary approach that spans history cultural studies postcolonialism and cultural geography Leong Yew reveals how Asia has been used to narrate Singapore's beginnings revalidate Singaporean ethnic culture and to consolidate its practices of consumption and commodification. This book will be welcomed by students and scholars working across a range of fields including Asian culture and society Asian politics cultural theory and postcolonial studies.

*Between Rising Powers* Asad Latif, 2007

Geography has moulded Singapore's self definition much as it has shaped the contours of the rest of Southeast Asia a region that lies south of China and east of India. Placed within overlapping Sinic and Indic zones Singapore's entrepreneurial role has served both Today as China and India emerge simultaneously as rising powers a port city is going beyond its trading role to engage them in political and security terms. This book combines diplomatic history and international relations theory to show how Singapore is facilitating China's and India's engagement of Southeast Asia.

*Imagining Asia* Emily Stokes-Rees, 2019-07-23

Despite widespread recognition that we are living in an era of mass globalization there has been a startling resurgence of nationalism in many regions of the world. Alongside this development many new national museums are being built or refurbished pointing to the critical role the telling of history plays in processes of building national identity. From new museum construction to the re

purposing of colonial monuments and from essentialized narratives to spaces which encourage visitors to dream this book explores the development and influence of national museums in three contemporary Asian societies Singapore Hong Kong and Macau     Globalization and Democracy in Southeast Asia Chantana Banpasirichote Wungaeo,Boike Rehbein,Surichai Wun'gaeo,2016-08-31 This book questions why Southeast Asian nation states are struggling to adopt full fledged liberal democracy and attempts to better understand the relationship between globalization and models of democracy Country studies are covered mostly by native Southeast Asian scholars who analyse recent developments as well as specific concerns that have arisen from political crises citizen uprisings ethnic identity politics political reforms social justice and inequality and the persistence of the political elite The collection highlights factors which have impacted the different regional and national paths taken such as the legacy of the Cold War rapid economic development and liberalization external economic globalization the important role of informal politics powerful elites and weak but emerging middle classes This book will be of interest to scholars and students of regional studies of Southeast Asia Democracy Sociology Politics and GlobalizationStudies

**Rise Of Singapore, The (In 2 Volumes)** Mark Tat Soon Hong,2015-11-26 In the 50th anniversary year of Singapore s independence it is timely to trace our developmental journey in order that young Singaporeans students visiting tourists and foreigners working in Singapore may be informed about why and how Singapore succeeded despite tremendous odds The two volumes relate the developmental stories and secrets of Singapore so that other developing countries can be inspired to achieve their own successes It is a story worth telling so that the great achievements by our Pioneer Generation will be recorded and which may serve as an inspiration to the younger generations to guide them for the next 50 years     **Asian**

**Traditions and Modernization** Mun Cheong Yong,2004 Asian Traditions and Modernization studies various aspects of change in Singapore and explores the ways in which tradition has shaped and moderated the process of modernization Employing a multi faceted approach that covers history religion science ethnic relations and language the book looks in depth at a country which has witnessed rapid modernization and yet at the same time desires to preserve cultural values Because tradition and modernization are relative and open ended concepts traditional values can be modern in their orientation and conversely modern societies can be traditional in their practices The focal concern of the book is how these terms can be best and fully understood This reissue features a new preface by the author     *Forming an Asian Modern* ,2005 Wee Abstract The paper enquires what economic development and the positing of an Asian modern meant in cultural identitarian terms for the post colonial city state of Singapore one of the Mini Dragons which championed the efficacy of Asian values for development during the 1980s 1990s during the height of the Asian eco nomic miracle He was formerly a Fellow at the Institute of Southeast Asian Studies Singapore and is the author of Culture Empire and the Question of Being Modern Lexington Books 2003 and the editor of Local Cultures and the New Asia The State Culture and Capitalism in Southeast Asia Institute of Southeast Asian Studies 2002 The 1997 2000 Asian economic crisis triggered by the devaluation

of the Thai baht along with the consequences of the disappearance of the Cold War threat in East and Southeast Asia has led to Singapore being less able and also less willing to exercise the protection the state once offered for example to local banks giving them some shelter from foreign banks in the retail sector The fear remains that intelligent productivity may lead to democratic power and yet the ongoing re invention of Singapore the government itself argues depends on the very creation of the autonomous forces of productive co operation supposed to be the sine qua non of the New Economy For a series of broader critical views on the re inventions of the cartographic and other identities in the Asia Pacific region in the 1980s and the 1990s see the essays in Arif Dirlik ed *What is in a Rim Critical Perspectives on the Pacific Region* Lanham Md Rowman Littlefield 1998 *Singapore and Asia in a Globalized World* Wai Mun Chia,Hui Ying Sng,2009 This book is a spin off from a highly successful seminar series jointly organized by the Division of Economics of the Nanyang Technological University NTU and the Ministry of Education MOE of Singapore The seminars discuss contemporary domestic and regional economic issues and public policies that are relevant to the everyday lives of Singaporeans The wish to introduce these economic issues to a broader audience outside the confinement of a lecture theatre came to fruition with the completion of this book This book contains 13 chapters that are grouped under three sections Under the section Public Policies and Economic Issues of Singapore Singapore s public policies in the areas of healthcare Central Provident Fund and monetary policy are explored as well as issues concerning Singapore s economic development such as economic transformation innovation and capital accumulation are discussed The second section Singapore and the Region in a Globalized World looks at the challenges and opportunities presented to Singapore and the region in an increasingly globalized world Current issues on the sub prime crisis and Asian monetary integration are also discussed The last section Other Economic Issues consists of papers in specific areas such as economics of medical decisions economics of love and the role of exchange rates in foreign direct investment
