Singing the Ethos of God Brian Brock,2007-04-02 Noting that academic biblical scholars and Christian ethicists have been methodologically estranged for some decades now Brian Brock seeks to reframe the whole Bible and ethics discussion in terms of this question What role does the Bible play in God s generation of a holy people and how do we participate in that regeneration Brock first examines various major contemporary thinkers on the Bible and Christian ethics including John Howard Yoder Brevard Childs John Webster and Dietrich Bonhoeffer He then undertakes major discussions of Augustine and Martin Luther unpacking their interpretation of the Psalms Finally Brock articulates the processes of renewal in God s people His close study of a few individual psalms shows how we enter the world of praise in which all human life is comprehended within God s work and is thus renewed Immersion in the exegetical tradition of the Christian faith Brock argues must be the heart and soul of theology and ethics

*The Theology of Craft and the Craft of Work* Jeremy Kidwell,2016-06-03 An important reconceptualisation is taking place in the way people express creativity work together and engage in labour particularly suggests Kidwell a surprising resurgence in recent years of manual and craft work Noting the wide array of outlets that now market hand made goods and the array of popular books which advocate making as a basis for activism or personal improvement this book seeks to understand how the micro politics of craft work might offer insights for a broader theology of work Why does it matter that we do work which is meaningful excellent and beautiful Through a close reading of Christian scripture The Theology of Craft and the Craft of Work examines the theology and ethics of work in light of original biblical exegesis Kidwell presents a detailed exegetical study of temple construction accounts in the Hebrew bible and the New Testament Illuminating a theological account of craft and employing the ancient vision of good work which is preserved in these biblical texts Kidwell critically interrogates modern forms of industrial manufacture This includes a variety of contemporary work problems particularly the instrumentalisation and exploitation of the non human material world and the dehumanisation of workers Primary themes taken up in the book include agency aesthetics sociality skill and the material culture of work culminating with the conclusion that the church or new temple is both the product and the site of moral work Arguing that Christian worship provides a moral context for work this book also examines early Christian practices to suggest a theological reconceptualisation of work

*Real Sadhus Sing to God* Antoinette Elizabeth DeNapoli,2014-04-01 Drawing on ethnographic research spanning ten years Antoinette Elizabeth DeNapoli offers a new perspective on the practice of asceticism in India today Her work brings to light the little known and often marginalized lives of female Hindu ascetics sadhus in the North Indian state of Rajasthan Examining the everyday religious worlds and practices of the mostly unlettered female sadhus who come from a number of castes Real Sadhus Sing to God illustrates that these women experience asceticism in relational and celebratory ways They construct their lives as paths of singing to God which the author suggests serves as the female way of being an ascetic Examining the relationship between asceticism sannyas and

devotion bhakti in contemporary contexts the book brings together two disparate fields of study yoga asceticism and bhakti using the singing of bhajans devotional songs as an orienting metaphor This is the first book length study to explore the ways in which female sadhus perform and thus create gendered views of asceticism through their singing storytelling and sacred text practices which DeNapoli characterizes as their rhetoric of renunciation

**Jesus Is the Thesis** Jeff Voth,Joshua

Beck,2022-09-29 From story and Scripture to sex and politics Jesus is at the center That is the conviction of Voth and Beck in Jesus is the Thesis who aim to help you more clearly see the truth and beauty of Jesus Christ and through that clearer picture see the joy of a life lived following him It is in the recognition of Jesus as the main idea the one who holds everything together that we find the story beneath all stories the through line of the Bible the hope for our lives and the just and flourishing life we seek Jesus is the Thesis is a unique and varied work of Christ centered apologetics for the student for the skeptic and for the seasoned follower of Christ

**Sermons from Mind and Heart** Rodney Wallace Kennedy,2011-07-27 Sermons from

Mind and Heart attempts to show the week by week theological work that a pastor does The combining of the intellectual with the emotional is rooted in the categories of logos and pathos from Aristotle's Rhetoric Some of the sermons have substantive theological reflections with multiple sources and are thus heavily footnoted other sermons have no footnotes This doesn't mean that any sermon lacks logos or pathos but that there is an interplay a back and forth of a pastor struggling to communicate the Gospel in a this is that way that honors both the then of Scripture and the now of contemporary life Rhetorical scholarship and methodology are important in understanding the content and the structure of the sermons What matters most is the sense that these sermons are an ongoing theological conversation between the pastor and his congregation Sermons after all are meant to be heard and they exist in the moment as authentic rhetorical acts All other versions of the sermon including this written form are only echoes of the primal sermonic experience

**Everyone's**

**Singing, Lord (Book + CD/CD-ROM)** Sue Fearon,2013-03-01 38 carefully chosen songs to enrich collective worship in primary schools

*Musik der römischen Messliturgie* ,1961 God Sings! (and Ways We Think He Ought To) Douglas Bond,2019-12-15 While rejoicing at the zeal of culturally relevant churches Douglas Bond fears that recasting Christian worship to look and sound like an entertainment driven culture will inevitably alter the message Bond contrast the biblical ethos of worship how Christians have sung in worship for two millennia with the entertainment ethos radically reshaping Christian worship in the last few decades God Sings is a summons to tune our ears to how the heavenly anthem drowns All music but its own Combatants on both sides in the worship wars will be warmly invited to sing like God sings

*Joining Creation's Praise* Brian Brock,2025-08-19 In the beginning God created Thus begins the Bible's story of a long conversation between God and creatures one in which humans are often the least edifying contributors They need to learn what it means to confess themselves creatures if they are to begin to understand what it means to be human and how to live Joining Creation's Praise a major statement by a leading Christian ethicist shows how confessing that we are creatures deeply

reshapes every aspect of Christian thinking and living Human beings are made to embody Christ's image in the world not as dominators but as conduits of divine life In this comprehensive yet clear volume of theological ethics Brian Brock follows the first few chapters of Genesis in order to discover the things that the sages of Israel took to be crucial for the ethical life of human beings among other creatures in God's world Informed by theological rigor and careful exegesis the many ethical reflections in this volume allow an ancient wisdom to shed fresh light on very postmodern ethical questions about conversion life with God knowledge and wisdom dominion Sabbath vocation economics human dignity our relationship with the rest of creation sexuality marriage family sin death and politics

*Captive to Christ, Open to the World* Brian Brock,2014-07-11 In this wide ranging and engaging collection of interviews Brian Brock discusses how Christian faith makes a difference for life in the modern world Beginning with a discussion of teaching Christian ethics in the contemporary academy Brock takes up environmental questions political and medical ethics the modern city and Christian responsibility to it energy use the information age agriculture political consensus and coercion and many other issues The reader is thus offered a broad and incisive discussion of many contemporary topics in a brief illuminating but never superficial manner The book's unusual conversational style allows strikingly clear creative and concrete theological connections to emerge in the spaces between moral questions rarely thought of as linked As the titles suggests the running theme of the interviews is being bound to Christ and placed into the contemporary world Brock's theological readings of contemporary cultural trends are vigorous unapologetic and insightful and they offer delightful surprises as well as fertile new ways through the sterile impasses of many issues currently being debated in the public square This book provides an excellent starting point for those interested in fresh theological insights into contemporary ethical questions and an accessible introduction to Brock's previous works

*Discovering Images of God* Larry Kent

Graham,1997-03 In a prejudiced society the experiences of lesbians and gays can provide powerful resources for all people to help shape their images of God Larry Graham has interviewed lesbians and gays across the country and has discovered a new sense of God at work through all people These insights bring new images of God that are truer more faithful and more deeply connected to the pains and joys of life

**The Hymn** ,2009 Baptist Offspring, Southern Midwife-- Kay Norton,2002 In

addition to unraveling the musical implications of an early nineteenth century hymnal this book addresses an area of American musical history that has not received its due attention pre shape note Southern sacred music Jesse Mercer managed to found several Baptist churches supervised educational mission schools for the Creek and Cherokee Indians championed the cause of higher education developed and refined an influential hymn repertory a project that spanned nearly half of his 53 year ministry The author argues that the 1810 edition Mercer's Cluster of Spiritual Songs deserves special

attention because it is the definitive source for the earliest stratum of Evangelical hymnody in the lower South and it served as textual midwife for later southern singing school tune books such as William Walker's Southern Harmony and Musical Companion 1835 and B F White and E J King's The Sacred Harp 1844 This book presents these two dimensions sequentially focusing first on how Mercer's religious social and cultural contexts shaped his Baptist hymnodic offspring then turning to the texts of the 1810 edition and providing a tune repertory for them from eighteenth and early nineteenth century singing school tune books     *A Book of Sikh Studies* Gobind Singh Mansukhani,1989     **The Sikh Review** ,1993
