*Serving Teens and Adults on the Autism Spectrum* Carrie Rogers,2020-10-01 Understand the unique needs of teens and adults with autism and how to adapt existing library programs to be more inclusive Autism spectrum disorder is a lifelong condition but programs and services are mostly for children As this population ages and the number of adults receiving autism diagnoses grows are public libraries serving this group *Serving Teens and Adults on the Autism Spectrum* offers practical strategies for delivering better service to individuals with autism from library programming to technology collections library volunteers and the information desk Relying on feedback and help from the autism community in her area Carrie Rogers Whitehead created programs for children teens and young adults on the autism spectrum In this book she shares advice on developing programs that focus on teamwork transitions and social skills She explains best practices for reference interviews and teaches readers how their libraries can partner with nonprofit and government entities to develop workforce skills and connect adults with autism to jobs Ready made program activities for teens and adults with autism make it easy for libraries to better serve this often misunderstood group

*Make: Three Modes of Making* Matt Zigler,2023-12-19 The Maker movement has been an excellent opportunity for people to become producers rather than just consumers and schools are recognizing the value of offering students the tools materials and skills necessary to design sophisticated and meaningful projects But teaching technical skills should not be the end goal At its best a Maker education teaches students to think and act in creative ways that can be applied to difficult challenges in all areas of life *Three Modes of Making* provides a framework for Maker courses in upper grades that teach students creative process skills through three key Maker modes Imitation Modification and Innovation Educators will learn the differences between the three Maker modes their associated skill sets and gain concrete methods to teach document and assess these skills Through this approach teachers will enable students to apply them to different creative needs By focusing on how to teach skill development rather than merely how to build specific objects *Three Modes of Making* enables students to improve and enhance their creative skills and learn ways to apply them to a wide variety of challenges This book is a road map to developing the creative problem solvers that the world needs for the future

*Make: Volume 88* Dale Dougherty,2024-01-31 Paper printers can print in color why not 3D printers Well now they can New multicolor and multi material 3D printers are more approachable than ever and they're good In this issue of *Make* we go in depth with the latest multi filament 3D printing systems from Bambu Labs Prusa Research and others to show you how to get the best color 3D prints But even though you can print multicolor pieces should you From waste towers to orientation issues we walk you through the pros and cons of printing all in one color pieces versus assembling separate color parts Then get the download on next level resin printing that can produce pieces in literal seconds Next take a look at HueForge a surprising technique for 3D printing full color reliefs that look like digital paintings And can AI make ready to print 3D objects The answer is Kind of Plus 21 projects for you to make including Craft a cuddly companion robot

that moves and lights up through sight and touch Make a DIY mobility walker for cheap Create a highly customizable alarm clock with a pixel display Build a ham radio antenna out of an actual tin of ham Make a giant LED Ouija board and send spooky messages via Wi Fi Turn a hardwood cutting board into a gorgeous end table Design your vinyl cutter projects for fast weeding and application Make a simple animatronic robot with AI that knows how to follow your face And much more
