available in English a penetrating exchange between two of history's most famous soldiers concerning the dramatic events of the Waterloo campaign of 1815 The Duke of Wellington is one of the greatest military commanders in British history General Carl von Clausewitz is widely regarded as the greatest military thinker in the history of Western civilization Both men had vast experience in the Napoleonic Wars and both were prominent participants in the campaign Wellington commanded the Anglo Dutch Belgian army the much younger Clausewitz was chief of staff to Prussia's 3rd Corps Wellington went on to become prime minister of Great Britain and commander in chief for life of the British Army Clausewitz went on to author VOM KRIEGE ON WAR a seminal and still hotly debated treatise on the theory and philosophy of war He also became the founder of modern scientific military history via the work of his disciple military historian Hans Delbrück Oddly Clausewitz's study of the campaign of 1815 was never published in English and Wellington's once famous response to it has been strangely but studiously ignored by British military historians since 1914 Hence this book It contains Wellington's initial battle report Clausewitz's post battle letters to his wife Marie correspondence within Wellington's circle concerning Clausewitz's work Clausewitz's strategic analysis of the entire campaign not just the Battle of Waterloo Wellington's

memorandum in response and enlightening essays by prominent experts on Clausewitz Wellington and the Battle of Waterloo Major General U S Army David T Zabecki Ph D writes in the April 2011 edition of The Journal of Military History Long overdue we now have two English translations of Clausewitz s The Campaign of 1815 i e Peter Hofschneider s translation of Clausewitz s study and Bassford Moran and Pedlow s edition of the full Clausewitz Wellington exchange Either of these volumes would be a welcome addition to the bookshelf of any serious student of military affairs but On Waterloo Clausewitz Wellington and the Campaign of 1815 is clearly the richer of the two Napoleonic expert Bruno Colson wrote in War in History 19 3 that Pedlow convincingly resurrects Wellington s ideas and actions and gives a final and excellent reply to the arguments of Peter Hofschneider while remaining balanced recognizing the latter s merits and quoting him courteously Waterloo was neither a British victory nor a Prussian victory it was an Allied victory says Pedlow p 282 For Waterloo enthusiasts this essay alone justifies buying the book Noted Clausewitz scholar Jon Sumida U Md writes that On Waterloo is essential reading for those seeking an understanding of Clausewitz s distinctive approach to historical case study as the basis of practical knowledge of armed conflict Clausewitz s history of the campaign of 1815 incorporates methods of critical analysis explained in Book II of On War which were addressed primarily to the observation and assessment of past cases of strategic and operational decision making by commanders in chief The Bassford Moran and Pedlow edition provides a highly readable translation of a work previously accessible only in German that illustrates Clausewitz s approach to the replication and evaluation of the experience of high command The Editors Christopher Bassford is Professor of Strategy at the National War College in Washington DC Daniel Moran is Professor of National Security Affairs at the Naval Postgraduate School in Monterey CA Gregory W Pedlow is Chief of the Historical Office at NATO s Supreme Headquarters Allied Powers Europe SHAPE near Mons Belgium Records and Family Notices of Military and Naval Officers who Are, Or Have Been, Connected with Doncaster, Etc William Sheardown,1873 **The Life, Military and Civil, of the Duke of Wellington** William Hamilton Maxwell,1890 **Military Career of Napoleon the Great** Montgomery B.
