Enchiridion Saint Augustine, 2012-11-01 Written by St Augustine late in his life with the intention of supplying the Roman layman with a comprehensive exposition of the basic teachings of Christianity **Catechesis in Augustine** Eugene Kevane, 1989 *The Clergy and the Catechism* Spencer Jones, 1895 The enchiridion of Augustine Saint Augustine (of Hippo), 1887 **Saint Augustine in the "catechism of the Catholic Church" on Prayer** James G. Uy, **Enchiridion** Saint Augustine, 2019-11-18 The Enchiridion is a compact treatise on Christian piety written in response to a request by an otherwise unknown person named Laurentius shortly after the death of Saint Jerome in 420 It is intended as a model for Christian instruction or catechesis As the title indicates the work is organized according to the three graces necessary for the Christian worship of God Faith Hope and Love This edition contains nearly 300 linked footnotes *Augustine and the Catechumenate* William Harmless, 2014 A simple look at the universality of love Baptism of Salvation and Christian Salvation Anthony R. Lusvardi, 2024-01-05 Belief in the necessity of baptism for salvation is rooted in the New Testament and was forcefully affirmed by the Church Fathers yet today this belief is treated with unease if not ignored altogether Over the course of centuries Catholic theology has wrestled with a doctrine baptism of desire that both preserves this fundamental principle and allows for salvation in hard cases such as catechumens dying unexpectedly Baptism of Desire and Christian Salvation traces this doctrine's varied history from its genesis in a fourth century funeral oration given by Ambrose of Milan to its uneasy position in the Anonymous Christianity of Karl Rahner More than a history however this book raises questions about the nature of religious ritual and the sacraments the mission of the Church and the essence of salvation Arguing that

theologians of the past two centuries have tended to downplay the role of the sacraments when discussing salvation. Lusvardi suggests that baptism should remain our theological starting point. Engaging with the theological tradition and at times challenging the conventional wisdom, *Baptism of Desire and Christian Salvation* shows how such a sacramental approach can offer credible and sometimes surprising responses to questions related to the salvation of non-Christians, the fate of unbaptized infants, and the relevance of the Church's mission today.

Instructing Beginners in Faith Augustine of Hippo, 2006. As with very many of Augustine's works, *Instructing Beginners in Faith* is a response to a request, an answer to questions put to him by others. In this case, we know from the first words of the work itself that the one making the request is named Deogratias. Augustine calls him brother, and a couple of lines later we learn that he is a deacon in Carthage, the principal city of Proconsular Africa, where he enjoys popularity as a teacher of the faith. In the most general terms, he wanted Augustine to send him something in writing which might be of use to him on the question of instructing beginners in faith, *catechizandis rudibus*. The term *rudibus* in this expression referred specifically to people who were approaching the Church for the first time with the wish to become Christians. *Instructing Beginners in Faith* has been frequently and creatively adapted to serve the needs of education in faith in many different contexts, including the education of clergy and religious education more generally. The two model catecheses that Augustine sketches not only continue to have relevance today but also provide an important insight into his understanding of the use of scripture and tradition. Augustine's awareness of the problems that religious educators face demonstrates his profound grasp of the human condition. Written as a reflection on the most suitable way of communicating the heart of Christian faith to those applying for membership of the Church.

The clergy and the catechism: an attempt to adapt the 'Méthode de St. Sulpice', as expounded by mgr. Dupanloup [in L'œuvre par excellence] to the ways and wants of the English Church Spencer John Jones, 1895. Handbook on Hope, Faith and Love Saint Augustine, 2012-12-28. *Faith Hope and Love* is a compact treatise on Christian piety written in response to a request by an otherwise unknown person named Laurentius shortly after the death of Saint Jerome in 420. It is intended as a model for Christian instruction or catechesis. As the title indicates, the work is organized according to the three graces necessary for the Christian worship of God: Faith, Hope, and Love.

The Unity of Christ Christopher A. Beeley, 2012-10-30. No period of history was more formative for the development of Christianity than the patristic age when church leaders, monks, and laity established the standard features of Christianity as we know it today. Combining historical and theological analysis, Christopher Beeley presents a detailed and far-reaching account of how key theologians and church councils understood the most central element of their faith: the identity and significance of Jesus Christ. Focusing particularly on the question of how Christ can be both human and divine, and reassessing both officially orthodox and heretical figures, Beeley traces how an authoritative theological tradition was constructed. His book holds major implications for contemporary theology, church history, and ecumenical discussions, and it is bound to revolutionize the way in which patristic tradition is

understood **Catalogue of the London library.
