**Design of Effective Instagram Campaigns** Carolin Wesche, 2020-04-28 Master's Thesis from the year 2018 in the subject Business economics Offline Marketing and Online Marketing grade 1 3 University of Münster Institute for Value Based Marketing language English abstract The following study investigates the influence of traditional design stimuli applied to a brand post on the consumer's engagement rate on Instagram Consumer engagement thereby represents the effectiveness of a brand post and is defined by the ratio of the number of likes of a brand post and the number of followers of the brand Aiming at analyzing the effectiveness of traditional design stimuli on Instagram the author gathers 450 Instagram brand posts from five different product categories which are subsequently assessed and coded The researcher then conducts a regression analysis as this allows to evaluate the influence of the traditional visual design stimuli on the consumer's engagement rate Whereas novel cognitive demanding stimuli are not found to influence the engagement rate for a brand post certain physically intensive prominent stimuli as well as some affective emotional stimuli have a significant influence The present study further investigates the moderating effect of brand knowledge on the magnitude of the stimuli's influence on consumer engagement rate The results indicate that brand knowledge has a moderating effect on certain stimuli For all other stimuli the influence on the engagement rate does not change for different levels of brand knowledge The results further show that design stimuli applied in brand posts on Instagram differ in their impact on the engagement rate depending on the product category shown in the brand post These findings can be used by managers to exploit the benefits of social media marketing on Instagram

**Philosophy of Fame and Celebrity** Catherine M. Robb, Alfred Archer, Matthew Dennis, 2024-10-17 In an era of cancel culture digital identities and thriving conversation surrounding parasocial relationships we question today the nature of the celebrity the scope of their power and influence as well as the ethical issues these implicate It is a wonder then that philosophy is a discipline that has as of yet contributed surprisingly little to this debate despite the growing philosophical literature on connected philosophical topics that serve as a starting point for the philosophical inquiry into the nature and value of fame and celebrity For example the literature on the philosophy of admiration achievement skills and talents epistemic authority virtue and moral psychology can all serve to analyse the

important questions arise when considering what fame is and the way that it influences the way we live Offering the first introductory overview of the key philosophical issues involved in the nature and value of fame and celebrity this edited collection provides a new perspective and voice to the conversation Divided into four parts its first focuses on conceptual differences between fame and celebrity the experience of being famous how celebrities interact with the public and what motivates people to desire or pursue fame The second part of the volume explores fame and virtue as well as the ways in which ethical issues intertwine with fame concluding with an examination of the nature of fame in relation to contemporary online culture As digital technologies expand cultural commentators remark that we are all becoming celebrities scrutinized by the public gaze whether we like it or not This book therefore answers a pressing need for if celebrity culture continues to expand and consume our social lives the case for a philosophical reflection on the nature and value of this culture becomes even more necessary *Key Topics in Technology and Behavior* Springer Behavioral & Health Sciences,2022-11-17 This volume features cutting edge and impactful articles from across Springer's diverse journals publishing program In this curated collection our editorial team has brought together highly cited and downloaded articles on the topic of Technology and Behavior into one single resource Moreover this book enables readers to review a broad spectrum of quality research on a specialized topic which we hope facilitates interdisciplinary and critical discussions of the topic at hand As part of the Key Topics in Behavioral Sciences book series this volume aims to serve as a quick reference for readers when writing or researching new topics or subject areas Other topics in the series will include Psychological Research Methods Health and Behavior Industrial and Organizational Psychology Sports Psychology and Consumer Behavior In the first section of the volume articles focus on such topics as Addiction Anxiety Burnout Envy Social Comparison Social Media Emotion Regulation Expressive Suppression Problematic Smartphone Use Smartphone Addiction Smartphone Use Disorder Suppression Adolescents Anxiety Depression Mindfulness and Mobile Phone Addiction Next the second section features research on Cognitive Training Mind Wandering Mindfulness Cognition and Video Games Lastly in the final section of this collection Adolescents Behavioral Problems Cyberbullying Emotional Problems Sex Difference Emerging Adult Identity Processing Styles Self Esteem Social Comparison Adolescents Biopsychosocial Model Body Image and Disordered Eating are discussed
