Shit Adults Never Taught Us Natasha Sattler, 2021-04-16 A SNAPSHOT REVIEW OF THE THINGS YOU DIDN T LEARN IN SCHOOL IN QUICK HILARIOUS CHAPTERS Wouldn t it be awesome if life had a manual Not for your daily how tos like cooking or ironing but for when the real shit pops up The money shit we have no idea how to navigate like negotiating a raise or buying a car The relationship shit that slaps us in the face as we turn into full fledged adults like surviving a gut wrenching breakup and having the courage to fall in love The mind fucks that sneak into our brains after puberty like a ninja and set up camps of anxiety loneliness and regret The life shit that somehow was completely ignored throughout more than a decade of schooling like protecting your privacy online traveling on any budget and finding motivation when it seems impossible We ve made it this far but after countless conversations with friends it became obvious to me that our childhood education had a ton of gaps Sure we learned linear equations and got to dissect frogs for some reason but no one taught us what the difference between an HMO and a PPO was and why it s important I took several years of Algebra but not once was a Mutual Funds class offered That s where Sh t Adults Never Taught Us comes in This book picks up where the adults left off and helps fill in all our insufficient knowledge by going beyond the Google search bar Disguised as a self help book this mini memoir uses personal experiences including some epic failures to guide you through the most perplexing moments in life Shit Adults Never Taught Us covers a lot of topics including career strategies mental health emotional quandaries and navigating all of the WTF moments of adulthood

Forever 1980s Teenager: Family, Friends, Music and Memories Paul Tannahill, 2025-06-30 To be a teenager in the 1980s What a great time it was The 80s Metal bands the shopping malls the arcades video stores and even the big hair The 1980s were big over the top and glorious And then one day we realized that it was all gone As a teenager I gave little thought as to what the future could be like I had no reason to believe that many of the places and pastimes of my youth would become almost obsolete In my young mind life as an adult would continue on with little change to the places and life that I so enjoyed But I was wrong Progress moving forward advancing whatever one wishes to call it the 1980s did not just disappear as a group of numbers The places and activities which they encompassed also began to fall into the abyss of time But time brings other changes to our lives as well Such as the loss of loved ones As we get older we learn what time is capable of taking from us The places and people of our youth who were once filled with love and life succumb to the grip of time But what it cannot take away from us is the incredible memories friendships and family love that become engraved in our minds and hearts with a crystal purity that time will never be able to rob from us This is my story of how time moves forward leaving only memories in its wake But this is also my story of what it was like to be a teenager in the 1980s Stories of activities and culture that many youth today may find difficult to believe really happened What was it like to be a mall rat What was it like to see video stores on every corner What was it like to go out and purchase a physical vinyl record instead of downloading one Come back in time with me and

reminisce about the life of a teenager in the 1980s and how the future decades came to change so much of what was once an easier time El Tigre News ,2008 **Consumed** Aja Barber,2021-10-05 A call to action for consumers everywhere Consumed asks us to look at how and why we buy what we buy how it s created who it benefits and how we can solve the problems created by a wasteful system We live in a world of stuff We dispose of most of it in as little as six months after we receive it The byproducts of our quest to consume are creating an environmental crisis Aja Barber wants to change this and you can too In Consumed Barber calls for change within an industry that regularly overreaches with abandon creating real imbalances in the environment and the lives of those who do the work often in unsafe conditions for very low pay and the billionaires who receive the most profit A story told in two parts Barber exposes the endemic injustices in our consumer industries and the uncomfortable history of the textile industry one which brokered slavery racism and today s wealth inequality Once the layers are peeled back Barber invites you to participate in unlearning to understand the truth behind why we consume in the way that we do to confront the uncomfortable feeling that we are never quite enough and why we fill that void with consumption rather than compassion Barber challenges us to challenge the system and our role in it The less you buy into the consumer culture the more power you have Consumed will teach you how to be a citizen and not a consumer
