Subversive Action Extralegal Practices Justice:

Subversive Action Nilan Yu, Deena Mandell, 2015-12-10 Subversive Action presents cases that explore the use of extralegal action undertaken in pursuit of human rights and social justice and locate that action with reference to the boundaries of social work. Definitions of social work often include goals of social change, social justice, empowerment, and the liberation of people, but social work texts make little mention of extralegal actions. Mainstream conceptions of social work usually consider it to fall within the framework of particular legal and societal contexts. As such, it is presented with boundaries for legitimate action, even as it espouses principles that may require it to challenge these boundaries. How does one do social work in legal and societal contexts that challenge these principles with institutional and state-mandated exclusion and discrimination? Should social workers simply act within the bounds of the law in line with their professional sanction and mandate? Do their actions qualify as social work if they are beyond the limits of the law? The essays in this volume, by authors from around the world, raise these questions by providing a basis for reflection about the claims we make in social work embodied in discourses on social justice and human rights. *A Faithful Public-Prophetic Witness* Barry K. Morris, 2020-03-20 This book hails from decades of challenging trial and error work, abundant reading, and an enduring obligation to ministers, activists, and unsung lay heroes whose legacies matter. As there is little that actually addresses the elusive meanings, if not the dangers inherent in pursuing alleged spoils of success, it is kairo time. Seemingly scarce resources and competition to make and maintain ministries in the city challenge those of us in the field or on the sidelines to speak, write, and communicate clearly and convincingly, not only for ourselves and our people past and present but for those who come along soon to receive the baton or wear the mantle. Concretely narrated with unique case studies, a cast of dozens contribute their earthy, earnest testimonies and are at long last energetically affirmed. Specifically, this work proffers constructive attention to the critical cautions concerning subtle temptations to succeed, including commodification, cooptation, communalism, clientelism, and cowardice, and not bailing on fierce charity, justice, tensions with benevolence, protectively dominant narrative, analysis, and biography, as theology, social ethics, biblical theology, and recent church history give apt attention to how a compelling case is possible for success if justice is practiced, given a hopeful realism and perspective of prophetic eschatology. **Abolish Social Work (As We Know It)** Craig Fortier, Edward Hon-Sing Wong, MJ Rwigema, 2024-06-12 Abolish Social Work As We Know It responds to the timely and important call for police abolition by analyzing professional social work as one alternative commonly proposed as a ready-made solution to ending police brutality. Drawing on both historical analysis and lessons learned from decades of organizing abolitionist and decolonizing practices within the field and practice of social work, including social service, community organizing, and other helping fields, this book is an important contribution in the discussion of what abolitionist social work could look like. This edited volume brings together predominantly BIPOC and queer trans social work survivors, community-based activists, educators, and frontline

social workers to propose both an abolitionist framework for social work practice and a transformative framework that calls for the dissolution and restructuring of social work as a profession Rejecting the practices and values encapsulated by professional social work as embedded in carceral and colonial systems Abolish Social Work As We Know It moves us towards a social work framework guided by principles of mutual aid accountability and relationality led by Indigenous Black queer trans racialized immigrant disabled poor and other communities for whom social work has inserted itself into their lives
