**Louisiana Notary Exam Sidepiece to the 2023 Study Guide** Steven Alan Childress, 2023-01-31 New 2023 edition of the essential study resource to supplement the state's official textbook. The Louisiana Notary Exam has a 20% pass rate. The Notary Exam has an official Study Guide you use during the exam. But the Study Guide has no index, no big picture, no study strategies, no exam day tips, not enough cross references, and few of the forms notaries use that they test. It doesn't explain most tested subjects past exams or recent changes to the Guide. It's got the law and notary rules, but it's missing essentials for any such textbook. This book has all that and much more that anyone contemplating the exam should read. It even includes crucial information about notary practice for the newbie notary and is useful to experienced notaries for its expanded cross references, complete index, and summary lists. Basically, it's the rest of the official Study Guide they somehow omitted. Why would they leave out the index of all things?

Reminder: a 20% pass rate. Quality trade paperback edition available at all leading online bookstores.

Questions and answers in four separate tests plus detailed explanations for each right and wrong answer, referencing the latest official state Study Guide. Help coach students for the difficult exam. This independent resource at last takes notary prep to the next level by revealing the tricks of questions and formats/tactics for the test and the law behind it. More generally, it serves as a master class in answering multiple choice questions and tackling tricky exams. Louisiana civil law notaries have unmatched functions, responsibilities, and opportunities, but the exam averages a 20% pass rate. Candidates need all the help they can get. The best prep classes and study groups recommend multiple practice questions to understand the format, content, and coverage of the actual exams. The Secretary of State administers each year. Yet even the best workbooks and study aids are costly but barebones in the answers they provide. Their questions help, but students are left matching answers to page numbers. There's no guidance on why they're right and even less about why other good options aren't best. This book fills that void with 130 questions and detailed clarifications plus tactics illustrated by specific formats and options. Explanations are keyed in detail to the 2024 Fundamentals state study guide. Dr. Childress, author of a best-selling supplemental book decoding the state study guide and teacher of Tulane's undergraduate course in notary law, explains every twist he can think of that the examiners may try. Whether as a recommended supplement to a prep class, as spelled out lagniappe to other available workbooks, or as a new tool for self-study, this workbook should become standard fare for anyone contemplating becoming a commissioned notary.
