Darkness flows like a dirty stream where love is void Does love exist in our society Love is beautiful but does true love exist That is the question of many in the world today because their hearts have been pained Sincerely if you ask me I will say that true love truly exists Finding it is the only challenge that makes people think otherwise Love is stronger than death wider than the ocean sweeter than honey and hotter than brimstone fire However when love is abused the danger and damage can last for eternity It is clear that we are the offspring of God and so we live to love because God is love Love hates betrayal competition Jealousy and envy I have seen some give love but end up wishing they never did Love is not lust Love is pure and divine and should be handled with care The society we live in today seems to crave for lust and not love Thus is why there is much backstabs hatred envy and wars today And these are serious darkness we must chase away Scroll up and click on the BUY button
