A HISTORY OF FOOTNOTES \*

Being a concise and definitive account of the footnote from its murky birth to its fertile middle years to its endangered present, beset as it is by careless writers and indifferent editors and thoughtless readers and penny-pinching publishers; an account, moreover, enhanced by copious documentation, enlightened by countless quotations from wise councilors, lightened by many passages of delightful humor, and yet entirely unafraid of either controversy or sex.

The Devil's Details Chuck Zerby, 2007-11-01 Footnotes have not had it easy Their dominance of eighteenth and nineteenth century literature and scholarship was both hard won following many years of struggle and doomed as it led to belittlement in the twentieth century In *The Devil s Details* Chuck Zerby playfully explores footnotes long and illustrious history and makes a clarion call to save them from the new world of the Internet and hypertext In a story that boasts a marvelous plot and a rogues gallery of players Zerby examines traditional footnotes and their less buttoned down incarnations as when used by pornographers Yes *The Devil s Details* is full of surprises Zerby hunts down the first bona fide fully functioning footnote unearths a multivolume history of Northumberland County England that uses one volume for a single footnote and uncovers a murder plot He even explains why footnotes are like blind dates Carefully researched and highly opinionated *The Devil s Details* affirms that delight in reading can come from unexpected places

Symbolism 15 Rüdiger Ahrens, Klaus Stierstorfer, 2015-10-16 While paratexts among them headnotes footnotes or endnotes have never been absent from American literature the last two decades have seen an explosion of the phenomenon including mock scholarly footnotes to an extent that they seem to take over the text itself In this Special Focus we shall attempt to find the reasons for this astonishing development In our first diachronic section we shall explore such texts as might have fostered the present boom from fictions by Edgar Allan Poe to Vladimir Nabokov to Mark Z Danielewski The second synchronic section will concentrate on paratexts by David Foster Wallace perhaps the father of the post postmodern footnote as well as those to be found in novels by Bennett Sims Jennifer Egan and Junot Diaz among others It appears that while paratexts definitely point to a high degree of self reflexivity in the author they equally draw attention to the textual and authorial functions of the works in which they exist They can thus cause a reflection on the boundaries between genres like fiction faction and autobiography as well as serving to highlight a host of pedagogical and social concerns that exist in the interstices between fiction and reality

**Brooding** Michael Martone, 2018-03-01 This collection of more than twenty five essays both meditative and formally inventive considers all kinds of subjects everyday objects such as keys and hats plus concepts of time and place the memoir writing the essay itself and Michael Martone s friendship with the writers David Foster Wallace Jonathan Franzen and Kurt Vonnegut Throughout the essays Martone s style expands with the incorporation of new technological platforms Several of the pieces were written specifically for online venues while the essays on the death of Martone s mother and father were written on Facebook while the events happened One essay about using new technologies in the classroom was written solely in tweets Brooding the book s title and the title of an essay draws a parallel between the disappearance of early browsers and the emergence after seventeen years of a brood of cicadas Throughout these essays Martone s words inhabit spaces where the reconnection to people in the past and the metaphors of electronic memory converge

**Kabbalistic Manuscripts and Textual Theory** Daniel Abrams, 2010 Kabbalistic Manuscripts and Textual Theory uncovers the unstated assumptions and expectations of scribes and scholars who fashioned editions from manuscripts of Jewish mystical literature This study offers a theory of kabbalistic textuality in which the material book the printed page no less than handwritten manuscripts serves as the site for textual dialogue between Jewish mystics of different periods and locations The refashioning of the text through the process of reading and commenting that takes place on the page in the margins and between the lines blurs the boundaries between the traditionally defined roles of author reader commentator and editor This

study shows that kabbalists and academic editors reinvented the text in their own image as part of a fluid textual process that was nothing short of transformative This book is certainly monumental offering in its seven hundred pages a wealth of documentation and distilled argument that manages to be both comprehensive in its materials and transparent in its critical insights It is rare indeed that a work of such formidable scholarship can actually be a pleasure to read and convincing in its elucidation of what are often extremely complex documentary circumstances and editorial traditions From the foreword by David Greetham
