

A man in a dark, tactical jacket is shown in a forest at night. He is holding a large, glowing blue skull in his left hand and a sword in his right. The skull has a bright blue light emanating from its eye sockets. The background is a dark, misty forest with trees and foliage. The overall tone is dark and mysterious.

The Dying Of The Light:

Against the Dying of the Light Leonard Fein, 2004 A father's struggle to understand his daughter's sudden death becomes a ruthlessly honest lyrical and wise exploration of life Takes the experience of loss beyond the confines of the personal finding universal meaning and hope in the details of grief

Dying of the Light George R. R. Martin, 2004-09-28 In this unforgettable space opera 1 New York Times bestselling author George R R Martin presents a chilling vision of eternal night a volatile world where cultures clash codes of honor do not exist and the hunter and the hunted are often interchangeable A whisperjewel has summoned Dirk t Larien to Worlorn and a love he thinks he lost But Worlorn isn't the world Dirk imagined and Gwen Delvano is no longer the woman he once knew She is bound to another man and to a dying planet that is trapped in twilight Gwen needs Dirk's protection and he will do anything to keep her safe even if it means challenging the barbaric man who has claimed her But an impenetrable veil of secrecy surrounds them all and it's becoming impossible for Dirk to distinguish between his allies and his enemies In this dangerous triangle one is hurtling toward escape another toward revenge and the last toward a brutal untimely demise Praise for Dying of the Light Dying of the Light blew the doors off of my idea of what fiction could be and could do what a work of unbridled imagination could make a reader feel and believe Michael Chabon Slick science fiction the Wild West in outer space Los Angeles Times Something special which will keep Worlorn and its people in the reader's mind long after the final page is read Galileo magazine The galactic background is excellent Martin knows how to hold the reader Asimov's George R R Martin has the voice of a poet and a mind like a steel trap Algis Budrys

The Dying of the Light Michael Dibdin, 2012-06-06 One of England's most acclaimed younger mystery writers the creator of Detective Aurelio Zen gives us a brilliant and haunting variation on the classic drawing room murder novel The setting is Eventide Lodge where the guests have gathered for tea Colonel Weatherby is reading by the fire Mrs Hargreave III is whiling away her time at patience And Miss Rosemary Travis and her friend Dorothy are wondering which of their housemates will be the next to die For even as Michael Dibdin's elderly sleuths debate clues and motives it becomes clear that Eventide Lodge is not a genteel country inn but a place of ghastly cruelties and humiliations A place where the logic of murder is almost comforting At once affectionate homage and audacious satire The Dying of the Light will delight any aficionado of Patricia Highsmith Peter Dickinson or Ruth Rendell

Can Hope Endure? James C. Kennedy, Caroline Joyce Simon, 2005 The spate of books written recently on Christian higher education highlights a common theme how numerous colleges founded by church bodies have gradually lost their religious moorings often culminating in what historian George Marsden calls established nonbelief Can Hope Endure examines the history of Hope College in Holland Michigan as it has struggled to find a faithful middle way between secularization and withdrawal from mainstream academic and American culture Authors James Kennedy and Caroline Simon track Hope College's responses to various social and intellectual challenges through careful analysis of

school records newspaper stories extant histories and interviews with faculty members and past presidents Hope's history reveals that the school is exceptional having followed the predictable trajectory yet changing course in some ways Given this unusual history the story of why and how Hope College moved toward reestablishing the role of religion in its institutional life yields important lessons for other schools facing the same challenges Neither an attack on Hope College nor the kind of celebratory institutional history that so many schools have authorized this book is instead a thoughtful instructive study written by two professors who have witnessed firsthand many of Hope's struggles to retain its identity and purpose The book's narrative is enriched by the binocular vision provided by a professional historian and a professional philosopher and collaboration has afforded Kennedy and Simon the critical distance necessary to ask hard questions about Hope and by extension other institutions like it Can Hope Endure will be of real interest not only to readers associated with Hope College but also to those following or participating in the ongoing conversation about Christianity and higher education
