*The Idea of Audience* Simon Piening,2025-02-25 What sort of relationship do artists want with their audience What kind of role do they imagine for the performing arts in their community Under the creative industries the audience relationship has been increasingly defined and shaped by marketing and or institutional interests Wedged between the competing needs of the market and their belief in the power of art to positively impact their communities many artists and arts workers are caught in what Julian Meyrick describes as a confused intellectual terrain While much audience scholarship has focused on understanding the motivations of audience members engaging with the arts there has been considerably less research into the motivations of arts professionals with respect to their relationship with the audience The Idea of Audience is a critical examination of the current fields of audience development and arts marketing and explores the relationship between artists and audiences from the perspective of the artists themselves The book will be of most interest to students and academics of audience development arts marketing theatre performance and audience studies It is hoped that the reader will gain greater insight into what artists actually mean when they talk about their audience **Black Friday** Tim LaHaye,2003 Jodi Adams

has landed her dream job as a summer intern at the local city paper The Montgomery Times This killer summer job will launch her senior year with a bang as she goes after the hard angle on an investigative piece on area hospitals But when Jodi's reporting reveals information her employer doesn't want to hear much less publish Jodi and Stan Taylor find that the information trail is vanishing before their eyes Lives are at stake and it looks like theirs could be next Watch your back on Black Friday

**Dreamland of Humanists** Emily J. Levine, 2024-05-31 Deemed by Heinrich Heine a city of merchants where poets go to die Hamburg was an improbable setting for a major intellectual movement Yet it was there at the end of World War I at a new university in this commercial center that a trio of twentieth century pioneers in the humanities emerged Working side by side Aby Warburg Ernst Cassirer and Erwin Panofsky developed new avenues in art history cultural history and philosophy changing the course of cultural and intellectual history in Weimar Germany and throughout the world In *Dreamland of Humanists* Emily J Levine considers not just these men but the historical significance of the time and place where their ideas took form Shedding light on the origins of their work on the Renaissance and the Enlightenment Levine clarifies the social political and economic pressures faced by German Jewish scholars on the periphery of Germany's intellectual world By examining the role that context plays in our analysis of ideas Levine confirms that great ideas like great intellectuals must come from somewhere

Department of Education, 1917 **Walled in by Hate** Arthur Mathews, 2024-05-09 In July 1927 at just thirty five years old Kevin O Higgins was assassinated on his way to Mass in Booterstown Co Dublin A reviled figure for anti Treaty republicans O Higgins became the target of particular venom for his vocal support of the Free State government's execution policy during the Civil War which saw seventy seven IRA men die before firing squads including the best man at his wedding Rory O Connor In *Walled in By Hate* Arthur Mathews examines not just the life and death of O Higgins focusing on that most acrimonious time in his life but also those of his contemporaries such as O Connor and Erskine Childers who shaped the course of events around him He

also delves deep into O Higgins s relationships with the women around him and chronicles the reactions of the men who killed him subjects that until now have remained largely unexplored One of the most compelling characters to have emerged from the conflict and still the target of vitriol today the tragic story of Kevin O Higgins encapsulates the bitter divisions of a time in Irish history that continue to echo in today s Ireland
