## **Socrates And The Fat Rabbis:**

**Socrates and the Fat Rabbis** Daniel Boyarin, 2009-09-28 What kind of literature is the Talmud To answer this question Daniel Boyarin looks to an unlikely source the dialogues of Plato In these ancient texts he finds similarities both in their combination of various genres and topics and in their dialogic structure But Boyarin goes beyond these structural similarities arguing also for a cultural relationship In Socrates and the Fat Rabbis Boyarin suggests that both the Platonic and the talmudic dialogues are not dialogic at all Using Michael Bakhtin's notion of represented dialogue and real dialogism Boyarin demonstrates through multiple close readings that the give and take in these texts is actually much closer to a monologue in spirit At the same time he shows that there is a dialogism in both texts on a deeper structural level between a voice of philosophical or religious dead seriousness and a voice from within that mocks that very high solemnity at the same time Boyarin ultimately singles out Menippean satire as the most important genre through which to understand both the Talmud and Plato emphasizing their seriocomic peculiarity An innovative advancement in rabbinic studies as well as a bold and controversial new way of reading Plato Socrates and the Fat Rabbis makes a major contribution to scholarship on thought and culture of the ancient Mediterranean

*Plato and the Talmud* Jacob Howland, 2010-10-11 This innovative study sees the relationship between Athens and Jerusalem through the lens of the Platonic dialogues and the Talmud Howland argues that these texts are animated by comparable conceptions of the proper roles of inquiry and reasoned debate in religious life and by a profound awareness of the limits of our understanding of things divine Insightful readings of Plato's *Apology* *Euthyphro* and chapter three of tractate *Ta'anit* explore the relationship of prophets and philosophers fathers and sons and gods and men among other themes bringing to light the tension between rational inquiry and faith that is essential to the speeches and deeds of both Socrates and the Talmudic sages In reflecting on the pedagogy of these texts Howland shows in detail how Talmudic aggadah and Platonic drama and narrative speak to different sorts of readers in seeking mimetically to convey the living ethos of rabbinic Judaism and Socratic philosophising

Rabbinic Parodies of Jewish and Christian Literature Holger M. Zellentin, 2011 ENG Do the Talmud and Midrash engage in parody Holger Michael Zellentin seeks to assess how the classical rabbis imitate previous texts with comical difference

**Talmudic Transgressions** Charlotte Fonrobert, Ishay Rosen-Zvi, Aharon Shemesh, Moulie Vidas, 2017-05-15 Talmudic Transgressions is a collection of essays on rabbinic literature and related fields in response to the boundary pushing scholarship of Daniel Boyarin This work is an attempt to transgress boundaries in various ways since boundaries differentiate social identities literary genres legal practices or diasporas and homelands These essays locate the transgressive not outside the classical traditions but in these traditions themselves having learned from Boyarin that it is often within the tradition and in its terms that we can find challenges to accepted notions of knowledge text and ethnic or gender identity The sections of this volume attempt to mirror this diverse set of topics Contributors include Julia Watts Belser Jonathan Boyarin Shamma Boyarin Virginia Burrus Sergey Dolgopolski Charlotte E

Fonrobert Simon Goldhill Erich S Gruen Galit Hasan Rokem Christine Hayes Adi Ophir James Redfield Elchanan Reiner Ishay Rosen Zvi Lena Salaymeh Zvi Septimus Aharon Shemesh Dina Stein Eliyahu Stern Moulie Vidas Barry Scott Wimpfheimer Elliot R Wolfson Azzan Yadin Israel Israel Yuval and Froma Zeitlin Pedagogy in Ancient Judaism and Early Christianity Karina Martin Hogan, Matthew Goff, Emma Wasserman, 2017-06-30 Engage fourteen essays from an international group of experts. There is little direct evidence for formal education in the Bible and in the texts of Second Temple Judaism and early Christianity. At the same time pedagogy and character formation are important themes in many of these texts. This book explores the pedagogical purpose of wisdom literature in which the concept of discipline Hebrew *musar* is closely tied to the acquisition of wisdom. It examines how and why the concept of *musar* came to be translated as *paideia* education enculturation in the Greek translation of the Hebrew Bible Septuagint and how the concept of *paideia* was deployed by ancient Jewish authors writing in Greek. The different understandings of *paideia* in wisdom and apocalyptic writings of Second Temple Judaism are this book's primary focus. It also examines how early Christians adapted the concept of *paideia* influenced by both the Septuagint and Greco-Roman understandings of this concept. Features: A thorough lexical study of the term *paideia* in the Septuagint. Exploration of the relationship of wisdom and Torah in Second Temple Judaism. Examination of how Christians developed new forms of pedagogy in competition with Jewish and pagan systems of education.

**Rhetorics** Michael Bernard-Donals, Janice W. Fernheimer, 2014-12-02 This volume, the first of its kind, establishes and clarifies the significance of Jewish rhetorics as its own field and as a field within rhetoric studies. Diverse essays illuminate and complicate the editors' definition of a Jewish rhetorical stance as allowing speakers to maintain a resolute sense of engagement with their fellows and their community while also remaining aware of the dislocation from the members of those communities. Topics include the historical and theoretical foundations of Jewish rhetorics, cultural variants and modes of cultural expression, and intersections with Greco-Roman, Christian, Islamic, and contemporary rhetorical theory and practice. In addition, the contributors examine gender and Yiddish and evaluate the actual and potential effect of Jewish rhetorics on contemporary scholarship and on the ways we understand and teach language and writing. The contributors include some of the world's leading scholars of rhetoric, writing, and Jewish studies.

Jews, Gentiles, and Other Animals Mira Wasserman, 2017-05-19 In *Jews, Gentiles, and Other Animals*, Mira Beth Wasserman undertakes a close reading of *Avoda Zara*, arguably the Babylonian Talmud's most scandalous tractate. According to Wasserman, *Avoda Zara* is where this Talmud joins the humanities in questioning what it means to be a human.

**Narrating the Law** Barry Scott Wimpfheimer, 2011-07-19 In *Narrating the Law*, Barry Scott Wimpfheimer creates a new theoretical framework for considering the relationship between law and narrative and models a new method for studying talmudic law in particular. Works of law, including the Talmud, are animated by a desire to create clear, usable precedent. This animating impulse toward clarity is generally absent in narratives, the form of which is better able to capture the subtleties of lived life. Wimpfheimer proposes to make these different forms

compatible by constructing a narrative based law that considers law as one of several languages along with politics ethics psychology and others that together compose culture A narrative based law is capable of recognizing the limitations of theoretical statutes and the degree to which other cultural languages interact with legal discourse complicating any attempts to actualize a hypothetical set of rules This way of considering law strongly resists the divide in traditional Jewish learning between legal literature Halakhah and nonlegal literature Aggadah by suggesting the possibility of a discourse broad enough to capture both Narrating the Law activates this mode of reading by looking at the Talmud s legal stories a set of texts that sits uncomfortably on the divide between Halakhah and Aggadah After noticing that such stories invite an expansive definition of law that includes other cultural voices Narrating the Law also mines the stories for the rich descriptions of rabbinic culture that they encapsulate Socratic Torah Jenny R. Labendz,2013-03-28 The relationship of the rabbis of Late Antique Palestine to their non Jewish neighbors rulers and interlocutors was complex and often fraught Jenny R Labendz investigates the rabbis self perception and their self fashioning within this non Jewish social and intellectual world answering a fundamental question Was the rabbinic participation in Greco Roman society a begrudging concession or a principled choice Labendz shows that despite the highly insular and self referential nature of rabbinic Torah study some rabbis believed that the involvement of non Jews in rabbinic intellectual culture enriched the rabbis own learning and teaching Labendz identifies a sub genre of rabbinic texts that she terms Socratic Torah in which rabbis engage in productive dialogue with non Jews about biblical and rabbinic law and narrative In these texts rabbinic epistemology expands to include reliance not only upon Scripture and rabbinic tradition but upon intuitions and life experiences common to Jews and non Jews While most scholarly readings of rabbinic dialogues with non Jews have focused on the polemical hostile or anxiety ridden nature of the interactions Socratic Torah reveals that the presence of non Jews was at times a welcome opportunity for the rabbis to think and speak differently about Torah Labendz contextualizes her explication of Socratic Torah within rabbinic literature at large including other passages and statements about non Jews as well as general intellectual trends in rabbinic literature and also within cognate literatures including Plato s dialogues Jewish texts of the Second Temple period and the New Testament Thus the passages that make up the sub genre of Socratic Torah serve as the entryway for a much broader understanding of rabbinic literature and rabbinic intellectual culture
